ie tech week 08'
May 12 – May 15th

On Monday May 12th, from 6:30pm – 7:30pm at the Riverside Convention Center, as part of the Inland Empire Technology Week, SmartRiverside has put together a free event for the public and local businesses to provide education on how to gain access to the City of Riverside's Free WiFi network from your laptop, PC or iPhone. Both AT&T and Expressnets will be presenting on security/privacy issues, and devices to extend the WiFi signal into your home or business. Please come and join this free event and see how the WiFi network, which is rolling out at the end of May, will benefit you. No registration required.
