

Discovery Days

September 2012 - April 2013

Season Activities List

(Activities are subject to change)

FREE!

3rd Wednesday of Every Month
1:30 pm - 4:30 pm
Designed for Kids 10 and under

September 19 - "Star Gazing"

What are the different types of stars in our night sky? We'll be tracing stars in a stellar dot-to-dot to understand where some of the constellations get their names. Learn about the Heritage House's Chinese Moon Festival and how you can look through a telescope to get a better view of the stars, moon and planets.

October 17 - "Nature Journals"

Join us as we learn about developing our skills as naturalists. We'll be kicking off our "outdoor connection" activities and learning how to record your adventures and observations in nature. By recording our observations on a busy street corner in the Museum's water wise garden we'll understand how nature is everywhere.

November 21 - "Design-a-Park"

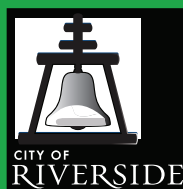

December 19 - "Shelter"

January 16 - "Feathered Friends"

February 20 - "Flower Power"

March 20 - "Trees, Wonderful, Trees"

April 17 - "Celebrate Earth Day"
