

# WHOLE HOUSE REBATE APPLICATION

With this program each type of rebate is assigned efficiency points. More points earned, mean a higher rebate is received. In order to receive the multiplier, you must submit for two separate measures. Every point total has an associated rebate percentage which can be found on page 2 of this form. Your Whole House Rebate will multiply your total rebate by the associated rebate percentage. Fill out the form to see your anticipated rebate. Customer may apply for a rebate only for cost of the materials. Labor costs, applicable sales tax, or shipping and delivery costs are excluded from the rebate amounts. **All completed applications must include a signed application, and copies of dated receipts. All applications must be submitted and received by RPU within 90 Days of first product purchased.** For assistance please call 951-826-5485. Read all guidelines carefully before filling out application.
