**Special Condition - Public Utilities Department  
( 5312 Sierra Vista Avenue )**

Installation of this block and wrought iron fence is within two-feet of City water mains along, both, Sierra Vista Avenue and Gramercy Place. This close proximity will probably require fence removal if City forces have to make repairs to these water mains. The property owner shall be solely responsible for the additional City maintenance cost incurred for the fence removal.

The existing fence location would not have been approved by Public Utilities Water if the Encroachment Permit had been applied for before installation. Therefore, future fence replacement installations by the property owner shall require new Encroachment Permit approvals prior to the start of construction.
