GENERAL NOTES

1. The contractor shall be responsible for the accuracy of all data and conditions shown on these plans. He shall verify all data and conditions before starting work.
2. All construction shall be in accordance with the City of Riverside, California, Department of Public Works, Specifications No. 211 and Standard Drawings.
3. All work shall be done in accordance with the City of Riverside, California, Department of Public Works, Specifications No. 211 and Standard Drawings.
4. Grading work requires a permit under Ordinance 3254 for a cut or fill exceeding 10 cubic yards or a fill over one foot in depth.
5. The contractor shall arrange for a soil test to be made by a Soil Engineer when the streets have been prepared to rough grade. Earth base material and A.C. paving shall be determined by the Soil Engineer's design standards and test procedures.
