

- GENERAL NOTES**
- It shall be the responsibility of the contractor to clear the right of way in accordance with the of law as it affects each utility, including irrigation lines and appurtenances at or east to the City of Riverside.
 - Construction shall be in accordance with the City of Riverside Department of Public Works, Specifications No. 64 and Standard Drawings.
 - Prime coat, seal coat, and paint binder are required.
 - Grading will require a permit under ordinance 3093 for a cut or fill exceeding 100 cu yds or a fill over one foot in depth.
 - The contractor shall arrange for a test of the subgrade level by a soils engineer. Thickness of pavement and thickness and type of base shall be determined by the soils engineer and submitted to the City of Riverside for approval prior to construction.
 - Trim slope of existing pavement where new paving joins existing pavement to a clean, straight line. Construct match-up paving as shown and overlay as directed in the field to produce a smooth crown section. Engineer estimates Overlay to be 8 Tons.
 - Mobley Ave. to be blue topped every 10'
 - BEACH Middle: Pk. Nail in S.W. Curb Return Collette Avenue & Hole Avenue. Elev. 704.002. City File No. 704/28
