

**GENERAL NOTES:**

3. BENCH MARK: E4-B  
P.K. nail in S'ly end of Gage Canal headwall of SW'ly side of John St. FB735/18  
E.L. 1001.699
- GENERAL NOTES:
- It shall be the responsibility of the contractor to clear the right-of-way in accordance with the provisions of law as it affects each utility including irrigation lines and appurtenances and at no cost to the City.
  - Construction shall be in accordance with the City of Riverside, Department of Public Works, Standard Drawings and the Standard Specs. for Public Works Construction, 1976 Edition.
  - Prime coat, seal coat, and paint binder are required.
  - Trim edge of existing pavement where new pavement exists existing pavement to a smooth straight line. Construct match-up paving as shown and overlay paving as directed in the field to produce a smooth section. Engineer estimates overlay to be three tons.
  - Construct driveway approaches per Standard 302. Exact size and location to be determined at the time of construction as approved by the Traffic Engineer.
  - Curb and gutter shall be staked with 3' offset at 25' intervals.
  - All flagged elevations shall be staked in the field by the private engineer.

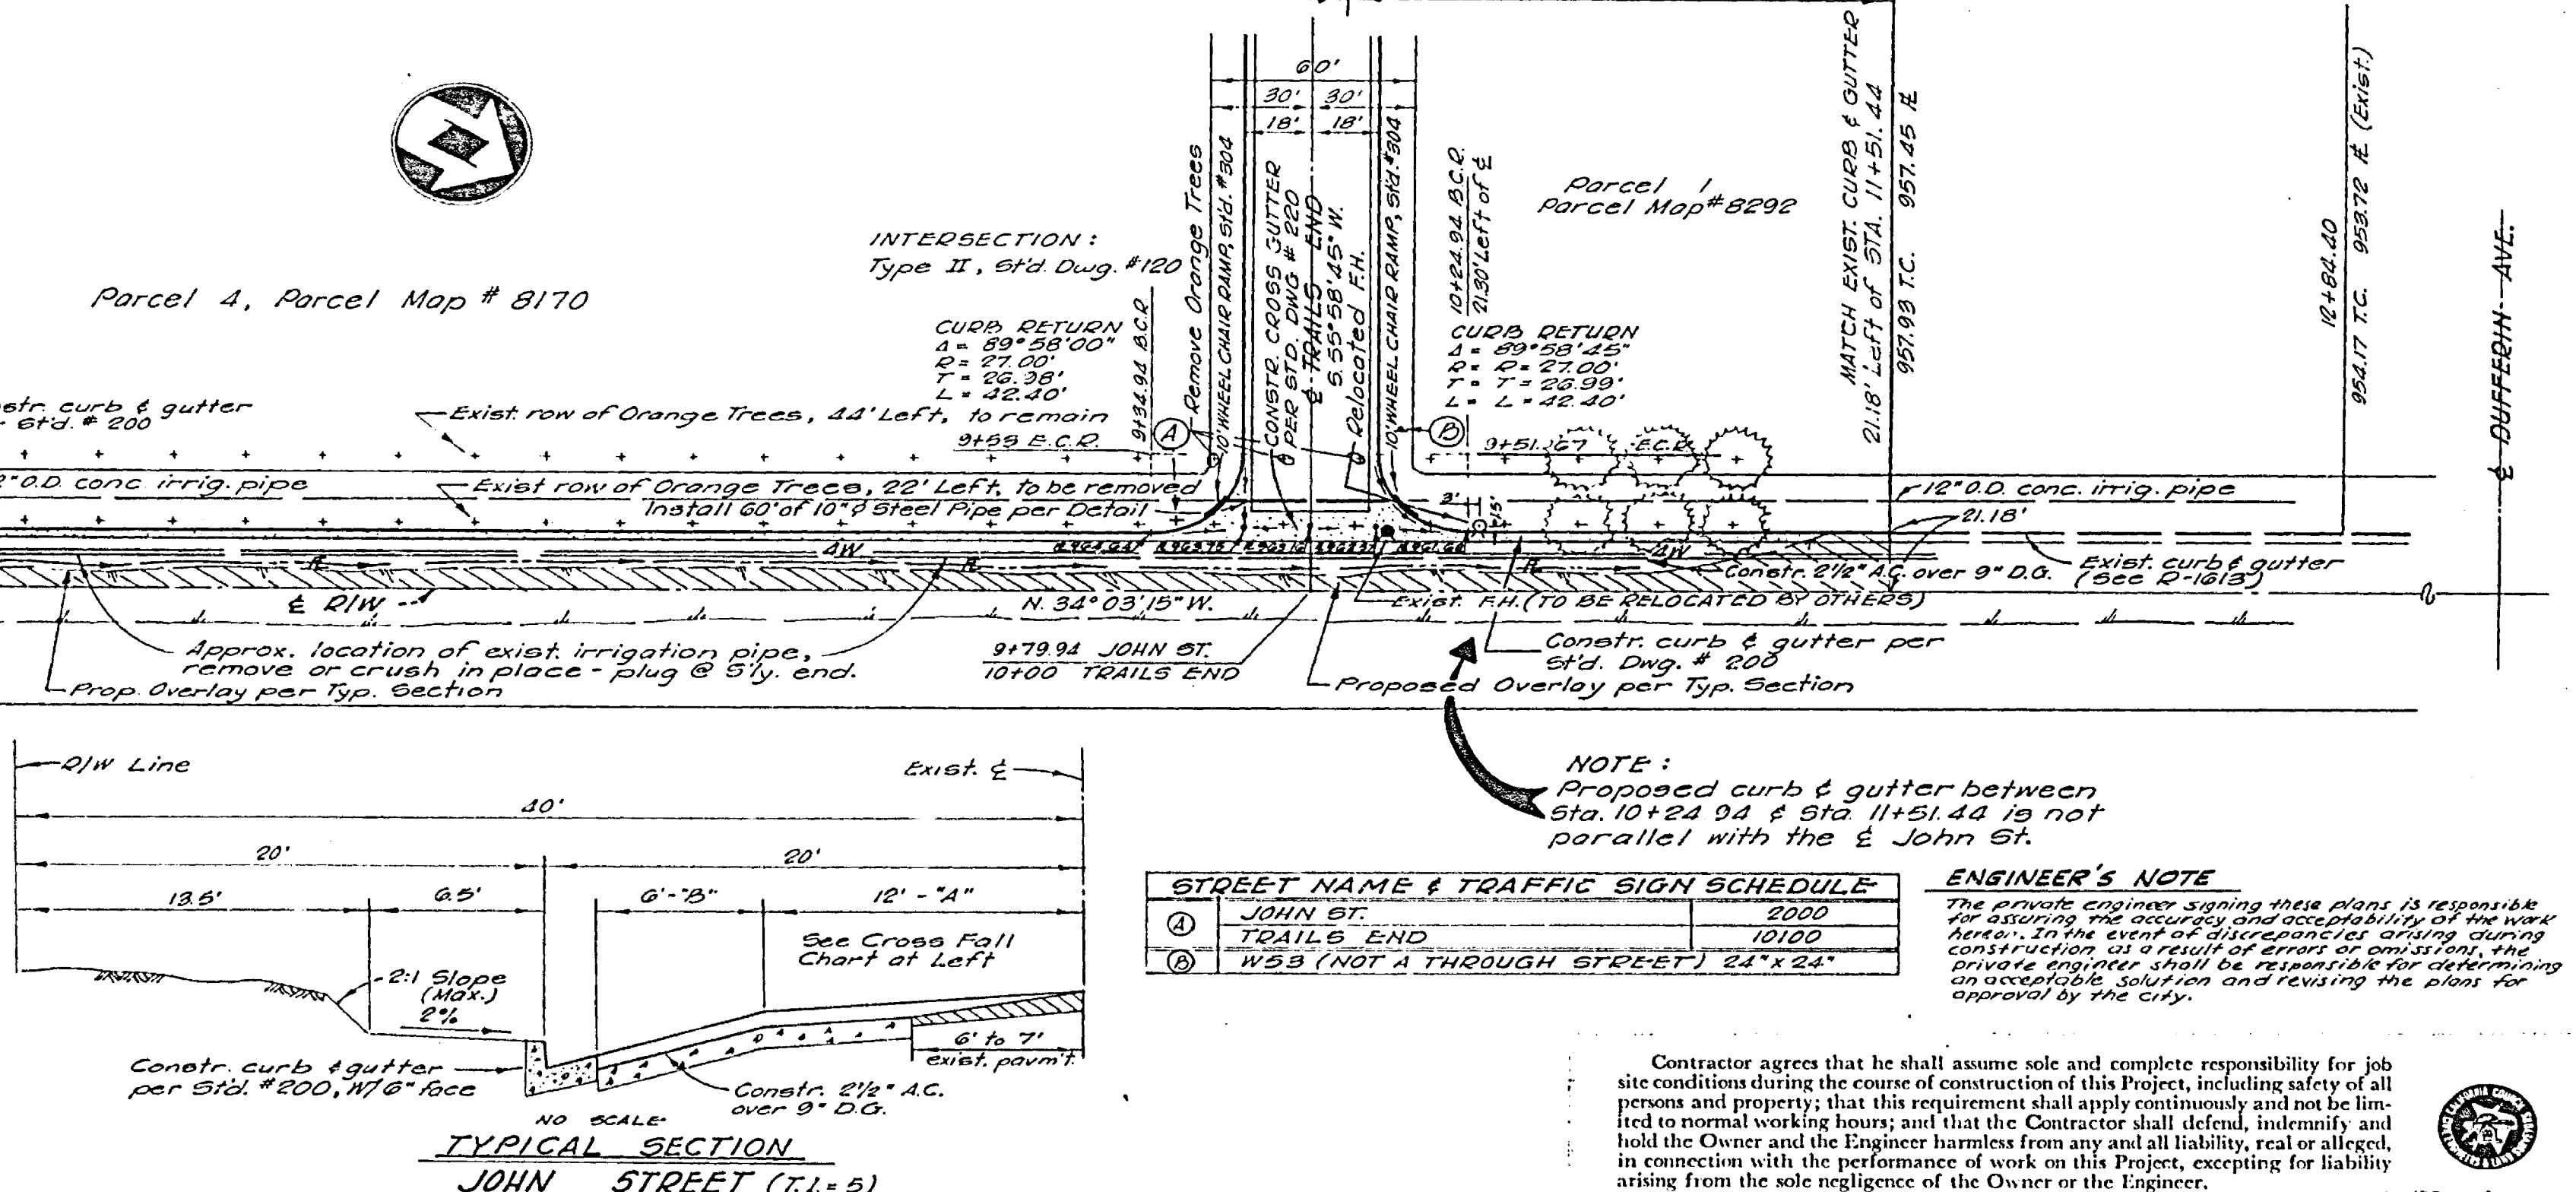

NOTE:  
All underground utilities or structures reported by the owner, or others, and those shown on the records examined are indicated with their approximate location and extent. The owner, by accepting these plans or proceeding with improvements pursuant thereto, agrees to assume liability and to hold undersigned harmless for any damages resulting from the existence of underground utilities or structures not reported to the undersigned; not indicated on the public records examined; located at variance with that reported or shown on records examined.  
NOTIFY GAGE CANAL 24 HOURS PRIOR TO PERFORMING ANY WORK WITHIN 25 FT. OF THIS IRRIGATION FACILITIES. PHONE 865-8228
