

- GENERAL NOTES:**
- It shall be the responsibility of the contractor to clear the right-of-way in accordance with the provisions of law as it affects each utility including irrigation lines and appurtenances and at no cost to the city.
  - Construction shall be in accordance with the City of Riverside, Dept. of Public Works, standard drawings, and the Standard Specifications for Public Works Construction, 1976 edition.
  - Trim edge of existing pavement where new pavement joins to a smooth straight line. Construct match-up paving as shown on plan and overlay paving as directed in the field to produce a smooth section. Engineer-estimate overlay-base forms.
  - Construct driveway approaches per Std. Div. 502. Exact size and location to be determined at the time of construction as approved by the traffic engineer.
  - Curb and gutter shall be staked with 3' offsets at 25' intervals.
  - Quantities shown are for information only and the City of Riverside is not responsible for their accuracy.
  - All flagged elevations shall be staked in the field by the private engineer.
  - All testing and certification of the treated base will be at the developer's cost.
  - 2' x 4' blockouts for mailboxes are required in curb sidewalk.

- LEGEND**
- ① Indicates 4" A.C. Paving over 8" P.G. Base
  - ② Indicates 5th. #325 concrete sidewalk
  - ③ Indicates 6th. #200 G' Curb and Gutter

**ENGINEER'S NOTE:**  
 The private engineer, using these plans is responsible for assuming the accuracy and responsibility of the work shown. In the event of discrepancies arising during construction as a result of errors or omissions, the private engineer shall be responsible for determining an acceptable solution and notifying the plans for approval by the City.
