**FIRE PROTECTION APPROVAL**  
 COUNTY OF RIVERSIDE  
 DEPT. OF FIRE PROTECTION  
 By: Roger D. Helm Date: 10/15/73

**GENERAL NOTES**

- The contractor shall be responsible for clearing of the proposed work area and relocation and cost of all existing utilities other than those within existing curbs, except as noted, installed under agreement or permit. Developer must obtain county of construction at least 30 days prior to start of construction.
- All work shall conform to the requirements of the Riverside County Road Dept. Specifications (Co. Ord. 46) 10-20-70 & 10-21-72.
- It shall be the responsibility of the contractor to obtain all necessary permits to apply to the Riverside Co. 2000 Dept. Permit Section for an encroachment permit for all work on existing County maintained roads.
- All underground facilities with areas shall be located prior to paving the street section, and to the following: Sewer, Water, Gas, Electric, Fire.
- Curb depressions and driveway approaches shall be located and constructed in accordance with Co. Ord. 46.
- Street section is tentative and for construction only. Additional soil tests shall be made during grading to determine the exact section required.
