GENERAL NOTES

- It shall be the responsibility of the Contractor to clear the right of way in accordance with the provisions of the City Ordinance, including striping lines and appearances and set no.
- Construction shall be in accordance with the City of Riverside Department of Public Works - Section 11.01.01.
- If the Subcontractor wishes to reduce requirements for imported base material, he shall submit a proposal to the City Engineer for approval. Such proposal will contain a detailed explanation of the proposed reduction in base material. Before any such material is satisfactory to the City Engineer, it shall be satisfactory to the City Engineer.
- After the completion of the paving, the Contractor shall be responsible for the maintenance of the pavement until the City Engineer has accepted the same.
