Will points/full points only be awarded to other cannabis locations, if they entered into a collective bargaining agreement? All applicants shall submit responses based upon their business operations and best practices. Any alternatives can be submitted and will be considered as part of the review process.

37. If an owner in the application owns commercial real estate in the City, would that qualify them to satisfy the local ownership criteria in Section A.5?
- Section A.5 of the City of Riverside Storefront Retail Cannabis Merit-Based Evaluation Criteria provides the following: "Local Ownership - Proposal demonstrates that a current resident or business owner within the City owns at least fifty-one percent (51%) of the cannabis business and describes the involvement of the ownership team in day-to-day operation of the business." "Owner" is further defined in Riverside Municipal Code section 5.77.060.S. All applicants shall provide a response based on their assessment of the criteria and the Riverside Municipal Code. This information will be reviewed as part of the review process.
38. Will Articles of Organization suffice as "Formation Documents" for an LLC
- Section III.B.1.a.i.c of the City of Riverside Storefront Retail Commercial Cannabis Business Permit Procedure Guidelines And Application Review Criteria provides the following: "Business Entity Status. If any applicant or owner is a business entity or any other form of entity, the entity's legal status, formation documents (articles of incorporation, operating agreements, partnership agreements, and fictitious business name statements), and proof of registration with, or a certificate of good standing from, the California Secretary of State, as applicable." All applicants shall submit proof of business establishment as outlined in the criteria, including any operating agreements. This information will be reviewed as part of the review process.
39. According to the Guidelines Section III, Paragraph A: "Notice of the application period dates for the submittal of applications for Storefront Retail CCB Permits shall be posted on the City's website no less than fourteen (14) calendar days prior to the start of the application period." As we have clients interested in applying to the City of Riverside, I have been checking the website everyday since November 1, 2023. The website posting were unavailable any earlier than November 7, 2023, in different contravention of the published Guidelines. Because of the lateness of the posting, will the application period start also be delayed by six days to comply with the City's Guidelines?
- The website was live on November 1, 2023. Please ensure you clear all browsing data to ensure that you're viewing the most up to date website.

No delays have been determined and no extensions have been established at this time.

40. Is there any update to FAQ #6 regarding an equity program?

- No update at this time.

41. D.10 of the cannabis application criteria ("D.10 Driver Security and Safety Procedures – Quality and detail of distribution driver security and safety procedures/plan, including driver education related to potential hazards and risks.") relates to distribution, which is a different cannabis business license type than retail. Why would the retail store be responsible for this? How does the City wish for cannabis retail applicants to provide a security plan related to another business's practices, when most cannabis retail companies receive shipments of product from many different distributors?

- Section 5.77.100 of the Riverside Municipal Code authorizes three cannabis business license types authorized to operate in the City of Riverside: (1) Cannabis storefront retail; (2) Cannabis manufacturing/distribution and (3) Cannabis testing laboratory. Section 5.77.130 of the Riverside Municipal Code provides that "By resolution, the City Council shall adopt procedure guidelines and review criteria for the City's evaluation of cannabis business permit applications and subsequent issuance." The City Council adopted Resolution No. 24048 to establish the procedures and requirements for Storefront Retail Commercial Cannabis Permits only. All applicants shall submit responses based upon their business operations and best practices. Any alternatives can be submitted and will be considered as part of the review process.

42. On page 7 of the Riverside cannabis application, it asks for the owner's mailing address, phone number and date of birth. This appears to be duplicative from the form on page 3 regarding applicant/ownership information. Is page 7 requesting personal information about the owner or information about their current cannabis business experience?

- Section 9 of the Application, entitled "Cannabis Experience and Background", (page 7) requests information about each owners', officers', or managers' commercial cannabis experience since 2017, including contact information. This section is not duplicative of the information requested on page 3 of the application.

43. Regarding the requirement on page 7 of the application form to "include copies of permits, licenses, or other written forms of permission by a state, county, or municipal government entity identifying claimed experience." Is this requiring applicants to attach licenses/permits for former cannabis businesses which are not currently operational? What proof from "municipal government entities" should applicants provide, for cities which do not issue cannabis permits to licensed operator?

- Applicants should provide all relevant licenses and permit information that is responsive to the request.
44. Section B.3 of the Merit-Based criteria states "Financial Plan - Proposal includes a financial plan/budget that demonstrates sufficient financial capacity to capitalize, start up, and sustain business operations, with more points awarded for including a valid pro forma financial statement for at least 3 years of operation." Due to the uncertainty pertaining to the real estate aspect of the business, my thought would be to provide pro formas projecting gross revenue that then boils down to net revenue based on industry norms. True pro formas would be nearly impossible to formulate given the uncertainty of the cost of real estate and number of employees at a hypothetically obtained retail storefront in the City of Riverside. Please let me know if such a pro forma would be acceptable and, if not, what might be an effective way of addressing the aforementioned uncertainties.
- All applicants shall submit responses based upon their business operations and best practices. Any alternatives can be submitted and will be considered as part of the review process.
45. For criteria A.4, will the City award full points for past ownership/management of a non-cannabis retail business that was located in the City of Riverside, but no longer operates? Or instead, are applicants required to own an operational non-cannabis retail business in City limits to receive points?
- Points are awarded to current or former business owners of permitted, non-cannabis retail businesses within City limits. If the business is no longer in operation, include the dates of operation and a copy of the most recent business permit.
46. Because the City does not wish for applicants to provide a specific location in the evaluation criteria, what kind of materials does an applicant need to submit to receive full points for Section B.2? How can the City evaluate design without a specific location?
- Applicant should submit a mock-up of their proposed design in a generic location. This criteria is for evaluators to see the level of depth and conceptual detail in the proposal and weigh accordingly. (See FAQ #11 and #12 for more information on location requirements.)
47. Does the City accept electronic signatures on the forms/documents?
- Yes
48. Typically, DBAs require a location and in this case the application occurs prior to the designation of a location, consequently, can an applicant indicate their DBA in other locations or their intent to DBA rather than the actual DBA as a result of not having an address or location yet of the physical premises?
- Applicant should list their intended DBA on the application form.

49. Please provide the City's definition of "permitted or licensed non-cannabis retail business" in the context of Criteria A.4. What kind of businesses are considered "retail?" Further, do applicants need to provide proof of a business permit in order to satisfy Criteria A.4?

- Refer to Ordinance No. 7626, Section 5.77.060, Definitions X: "Retailer" or "Storefront Retailer" shall have the same meaning as that contained in Section 26070(a)(1) of the California Business and Professional Code.

50. Item 7 on the retail application sets forth insurance standards for applicants, do applicants need these policies for the application process or is this info for if/when an applicant is selected then they provide this?

- Refer to City of Riverside Storefront Retail Commercial Cannabis Business Permit Procedure Guidelines and Application Review Criteria Application Submittal Process Insurance Compliance, which states: "Insurance Compliance. Consistent with the requirements of RMC § 5.77.330, attestation that applicant has or will be able to obtain and maintain the following amounts and types of insurance: (1) Commercial General Liability with a minimal limit of \$2,000,000 per occurrence/\$4,000,000 aggregate. Such insurance policy shall name the City and its directors, officials, officers, employees, agents, and volunteers as additional insureds by endorsement with respect to the operation of the commercial cannabis business and compliance with Chapter 5.77, the state cannabis laws or any other applicable law. (2) Commercial/Business Automobile Liability with a coverage for "any auto" and a minimal limit of \$1,000,000 per accident for bodily and property damage. (3) Workers' Compensation with limits as required by the Labor Code of the State of California.

- Yes

53. We'd like to be able to include screenshots of Google Reviews, Digital Assets, and sample marketing campaigns we've used in existing facilities. However, some of the images may include font that would be considered below 12-point font.

54. Is it required to provide the proof of residency for a local owner? If yes, what documents does the city accept for that and are they included in the 50-page limit?
- Proof of residency is required. This is expected to be part of the 50-page limit.
55. Is there a specific form to provide required state financial information or in what format should it be?
- No specific form or format is indicated in the Guidelines. However, the information provided is expected to be part of the 50-page limit.
 - **CORRECTION:** The Financial Information for Section 9, "Cannabis Experience and Background, required by the State of California is part of the Cannabis Application Packet. Copies of supporting documents in this section do not count against the application page limits, only the business proposal has page limits.
56. Application states "Owner's experience and successful management of a permitted or licensed non-cannabis retail business within the City of Riverside". - Does success management mean that Owner could be employed by a retail business as a manager or does he have to own and manage the retail business?
- Applicants shall provide information to respond to the successful management criteria.
57. Regarding the requirement on page 7 of the application form to "include copies of permits, licenses, or other written forms of permission by a state, county, or municipal government entity identifying claimed experience." Is this requiring applicants to attach licenses/permits for former cannabis businesses which are not currently operational?
- Yes, if available and applicable.
58. What proof from "municipal government entities" should applicants provide for cities which do not issue cannabis permits to licensed operators?
- Applicants should provide responsive documentation to address this application requirement.
59. Are owners of the license permitted to shift equity percentages between one another upon receiving the operating permit, and if so, what information is required to do so? Is there a specific time that this is permitted to occur, like at the time of renewal, or can equity be reassigned to existing owners at any time after the permit is issued?

- Please refer to Section 5.77.270 A of the Ordinance-Transfer of Cannabis Business Permit. "The owner of a Cannabis Business Permit shall not transfer ownership or control of the permit to another person or entity unless and until the transferee obtains an amendment to the permit from the City Manager stating that the transferee is now the permittee.
60. Does RMC §5.77.370(D) ("No cannabis or cannabis products or graphics depicting cannabis or cannabis products shall be visible from the exterior of any property issued a cannabis business permit, or on any of the vehicles owned or used as part of the cannabis business.") prohibit a licensee from displaying exterior signage with the company logo, if the company logo includes a non-realistic cannabis leaf?
- The Ordinance specifically states there may be no graphics depicting cannabis or cannabis products visible.
 - Refer to 5.77.370 H(1) for more information regarding signage requirements.
61. Is there an anticipated local excise tax rate for cannabis retailers in the City of Riverside?
- The City will be going to ballot in the March election for a cannabis tax. Please see [City of Riverside - File #: 23-3751 \(legistar.com\)](#)
62. The top of Page 3 of the Permit Procedure Guidelines mentions a "Background Form". Please confirm there is no separate form, but rather the application just needs to fill out Section 9 of the Application Form regarding each individual owner's name, mailing address, date of birth, etc.
- There is no separate form. The applicant needs to fill out Section 9 of the Application Form and provide copies as directed in the instructions.
63. After reviewing the application materials, it is our understanding that three separate files are to be uploaded: 1) Application Form, 2) Business Proposal, and 3) Fee Receipt. Regarding the naming convention for the files, shall we proceed to name the files "BusinessName_Phone-Number_Application-Form" etc? Or should all three files be combined into one PDF? If combined into one PDF, should the order be the same as the above list?
- The Application Packet consists of the Application Form, Business Proposal, and Fee Receipt. These should be combined as one Application Packet for submittal. Application packets shall be organized in the same order as the checklist with page three (3) of the Storefront Retail Commercial Cannabis Business Permit Application on top.

64. When can we expect the availability of social equity applications for cannabis retail outlets?
- An equity program is being studied and will be considered by the Council however, this will not be available or complete prior to the retail program being complete.
65. Does the addition of Corporate documents count towards the 50-page limitation?
- No. Please refer to City of Riverside Storefront Retail Commercial Cannabis Business Permit Procedure Guidelines and Application Review Criteria. Section B.1.a Application Packet does not indicate page limitations. Section B.1.b. Business Proposal specifies the 50-page limitation. Also, refer to City of Riverside Storefront Retail Commercial Cannabis Business Permit Checklist in the Application Portal for further clarification of document that will not count toward the 50-page limitation.
66. Should the items newly added by the City's cannabis business permit checklist (Formation Documents for Section 3, "Business Entity Status", and proof of registration with the State of California; Credentials for Section 9, "Cannabis Experience and Background", including permits, licenses, or other written documentation; Financial information for Section 9, "Cannabis Experience and Background", required by the State of California.) be attached to the end of the narrative response, or instead included in certain sections of the evaluation criteria?
- These items are part of the City of Riverside Storefront Retail Commercial Cannabis Business Permit Procedure Guidelines and Application Review Criteria. Section B.1.a Application Packet
67. What documentation does the City require to prove residency in City limits/proof of business ownership in order to receive full points in A.5? Is this documentation counted against the 50-page limit?
- Document(s) demonstrating that a current resident or business owner within the City owns at least fifty-one percent (51%) of the cannabis business and describing the involvement of the ownership team in day-to-day operation of the business is required. This is part of the Business Proposal section of the Application Submittal and is part of the 50-page limitation.
68. Do supply agreements count toward the 50-page limit? 50 pages is an incredibly tight limit as is and if supply agreements are included in that limit, it leaves less than a page to address all other points of the business proposal.
- The Business Proposal Section of the Application Submittal Process states the following: "B.5 Supply Agreements - Proposal demonstrates that Owner has documented agreements with cannabis distributors to supply

products to Owner's business". The Business Proposal Section is limited to 50 pages.

69. Reading through the application checklist one item that stuck out to me is the requirement to provide documentation of supply agreements with suppliers used. Can these supply agreements be submitted as a supplemental document or do they count towards the 50-page proposal limit?
- Please see above, FAQ #68.
70. The retail guidelines indicate that a proposal cannot be more than 50 pages. Does this include exhibits? For example, proof of funds being a bank statement, or security consultant license, or current cannabis licenses from another jurisdiction, or letters of compliance from other jurisdictions, or letters of supply and/or supply agreements from suppliers, etc.?
- The Business Proposal Section is limited to 50 pages.
71. For criteria E.4 (Prior Collective Bargaining Participation – Applicant demonstrates that they have entered into a collective bargaining agreement at another location under their ownership.) are applicants required to include a CBA or CBA signature page in app? Does this count against the page limits? Alternatively, can applicants provide proof upon request due to the page limitation?
- The Business Proposal Section is limited to 50 pages.
72. **CORRECTION TO FAQ #55:** Is there a specific form to provide required state financial information or in what format should it be?
- No specific form or format is indicated in the Guidelines. However, the information provided is expected to be part of the 50-page limit.
 - **CORRECTION:** The Financial Information for Section 9, "Cannabis Experience and Background, required by the State of California is part of the Cannabis Application Packet. Copies of supporting documents in this section do not count against the application page limits, only the business proposal has page limits.
73. When including a PDF in the application (for example, a promissory note for Section B.4 or an executed supply agreement for Section B.5), does this PDF have to also be in 12 point font? Additionally, do these items count toward the 50-page limit? Many promissory notes, supply agreements, LPAs, etc are dozens of pages, greatly limiting the remainder of the application if these items are counted.
- The Business Proposal Guidelines state that the narrative Business Proposal must be in 12-point font; however, it does not address font size for attachments. The Business Proposal is limited to 50 pages. Please refer to City of Riverside Storefront Retail Commercial Cannabis Business Permit Procedure Guidelines and Application Review Criteria. 74. Do commercial cannabis retail businesses need to verify age/government-issued identification outside of the store entrance, or can verification occur inside a separate lobby? My question relates to language regarding age limitations on the premises/requiring age to be verified "in order to gain access into the retailer" pursuant to RMC §§5.77.370(I), 5.77.380(B)-(C), (I).
- Individuals must "show their government-issued identification, their physician's recommendation, or a cannabis card...in order to gain access into the retailer." [RMC 5.77.380\(C\)](#). The cannabis retailer must verify age and other documentation prior to the customer gaining access to the retail store where commercial cannabis activities are conducted. "'Commercial cannabis activity' includes the cultivation, possession, manufacture, distribution, processing, storing, laboratory testing, packaging, labeling, transportation, delivery, or sale of cannabis and cannabis products..." (Bus. & Prof. Code, § 26001, subd. (m).)centy

79. Re: Section E.4 ("Prior Collective Bargaining Participation – Applicant demonstrates that they have entered into a collective bargaining agreement at another location under their ownership.") Is there a minimum amount of equity that needs to be held by an owner who has entered into a CBA for an existing location under their ownership in order to receive full points? Additionally, are there any other factors necessary to receive full points for an applicant owned by owners who have a CBA in place at an existing location, as well as owners that do not have a CBA at existing locations?
- Evaluation Criteria Section E.4 "Prior Collective Bargaining Participation" does not state a minimum amount of equity that needs to be held by an owner who has entered into a CBA for an existing location under their ownership.

Does the person/primary contact for the permit have to disclose their birthday? If the 51% owner is a business entity, how do we show local presence/local residency if it has been created for the purpose of this license?

87. Are applicants required to include copies of permits for businesses for which they were simply an employee (not an owner/officer)? For example, if a member of an applicant's ownership team worked in a licensed cannabis retail store as a cashier from 2017-2018, then as a delivery driver for a second licensed cannabis retail store 2018-2019, etc., would they have to attach the permits for each of these businesses?
- Refer to [Storefront Retail Commercial Cannabis Business Permit Application](#), page 7, Item 9: "List any of the owners', officers', or manager commercial cannabis experience since 2017. Any experience as an owner, officer, manager, lender, employee, volunteer, or agent shall be listed, including the location of the experience". 88. Are owners of the license permitted to shift equity percentages between one another upon receiving the operating permit, and if so, what information is required to do so? Is there a specific time that this is permitted to occur, like at the time of renewal, or can equity be reassigned to existing owners at any time after the permit is issued?
- To allow for fair and consistent evaluation of applications submitted, changes in ownership and/or ownership percentages cannot be made during the application process. - Refer to [Storefront Retail Commercial Cannabis Business Permit Application](#), page 7, Item 9: "List any of the owners', officers', or manager commercial cannabis experience since 2017." - Yes
92. Could you please confirm that during Phase 1 applications will **only** be evaluated based on City of Riverside Storefront Retail Cannabis Merit-Based Evaluation Criteria? I am asking because Phase 2, step 2.3, requires submitting a business plan and an operations plan, however, Phase 2 has business and operations plan requirements that Merit-Based evaluation criteria does not, for example Phase 2 of Operating Plan requires schedule for opening while Phase 1 does not.
- Refer to City of Riverside Storefront Retail Commercial Cannabis Business Permit Procedure Guidelines and Application Review Criteria Section III D 1. (b): "Each application will be reviewed, evaluated, and ranked by the review panel based on the specific merit-based selection criteria and point system set forth in Appendix A".
