SECTION 1 - OVERVIEW

INTRODUCTION

1. The Housing Opportunities for Persons with AIDS (HOPWA) Program, established by the AIDS Housing Opportunity Act, is the only Federal program dedicated to the housing needs of people living with HIV/AIDS. Under the HOPWA program, HUD makes grants to local communities, states, and nonprofit organizations for projects that benefit low-income persons living with HIV/AIDS and their families.

The HOPWA program was authorized by the AIDS Housing Opportunity Act of 1992 and is funded through the United States Department of Housing and Urban Development (HUD) in accordance with Title 24, Code of Federal Regulations, Part 574 (24 CFR Part 574). The HOPWA program goals are to: (1) increase housing stability, (2) reduce the risk of homelessness, and (3) increase access to care and support.

HOPWA funding is flexible and supports a wide range of eligible housing activities and support services so that grantees may customize programs based on community housing and service needs, special sub-populations served, and other available public and private resources. Persons living with HIV/AIDS confront unique barriers to accessing housing, care, and services. These challenges are compounded by experiences of housing discrimination, stigma, or limited local affordable housing options, and often jeopardize an individual's chances of remaining stably housed. Research consistently shows that housing is a critical component of HIV/AIDS care and prevention. By providing assistance with housing and related services, the HOPWA program helps people living with HIV/AIDS to enter into housing, access and remain in care, and abide by complex treatment management.

PURPOSE OF PROGRAM

2. The purpose of the HOPWA program is to provide housing assistance and supportive services for low-income persons medically diagnosed with HIV/AIDS and their families, who are homeless, at risk of homelessness, or unstably housed. The program provides housing and other support to help the most vulnerable households with multiple health and life challenges to achieve housing stability. HOPWA supportive housing also serves as a cost-effective housing intervention that increases an individual's access to care, reduces emergency care costs, and improves life outcomes for the beneficiaries.

PROGRAM DESCRIPTION

- The City of Riverside’s Department of Housing and Human Services (HHS) receives an annual HOPWA entitlement grant from HUD to serve HOPWA eligible clients in San Bernardino and Riverside Counties, in compliance with the AIDS Housing Opportunity Act and other federal requirements.
- Program emphasis should be placed on providing an adequate assessment of program participants’ housing barriers with a focus on stabilizing their housing as soon as possible.
- All funded HOPWA project sponsors are expected to develop, with the input of each program participant, an individualized housing plan.
- Program emphasis should be placed on successfully coordinating services for program participants so that each person served has contact with a case manager and a primary health care provider and can easily access and maintain medical insurance/assistance and potentially sources of income.

SERVICE AREAS

The awarded project sponsor must be able to provide services to eligible residents in Riverside and/or San Bernardino County.

EPIDEMIOLOGICAL DESCRIPTION

The California HIV Surveillance Report 2021 provides statistics on PLWH throughout California. The table below shows (1) the number of PLWH in the service area, (2) the number and percent of PLWH who are in medical care, and (3) the number and percent of PLWH who are virally suppressed. To view the full report, go to https://www.cdph.ca.gov/programs/cid/daa/pages/oa_case_surveillance_reports.aspx.

GENERAL PROGRAM GUIDANCE

- The HOPWA program is strictly a reimbursement program. It is the City of Riverside HHS expectation that applicants have the cash on hand to provide services such as Short-Term Rent, Mortgage, and Utility, and Tenant Based Rental Assistance.
- Project Sponsor Administration costs as outlined in 24 CFR 574.3 cannot be greater than 7%. Admin costs do not include costs directly related to carrying out eligible activities, since those costs are eligible as part of the activity delivery costs of such activities.
- A program participant's HIV status diagnosis must be made by a health professional competent to make such a determination and documented in the participant's file.
- Program participant's income. The entire family income, both family member applying and assisted must be documented; this includes family members with income, which may include the income of minors. Except for Housing Information Services, a household cannot be assisted with HOPWA funds unless the family income is at or below current HOPWA income limits (80% area median income). 2024 AMI can be found here: <https://www.hudexchange.info/resource/5332/hopwa-income-limits/>
- Units funded with TBRA, FBH leasing, FBH operating have to pass inspection. Units, depending on the HOPWA activity accessed, may also need to meet carbon monoxide, smoke alarm, and lead based paint requirements.
- Unallowable costs include personal items such as clothing; property taxes and condominium fees (except when they are included in the mortgage payment); furniture (except for facility-based housing funded under facility operations); grooming; personal vehicle maintenance and repairs; financial assistance and consumer credit payments; entertainment activities; pets; and other non-housing related costs. There may be other unallowable costs such as some costs outlined at 2 CFR 200.420, applicants or awarded agencies should reach out with any questions before incurring costs.
- Fair Housing Requirements:
 - a. The Project Sponsor must conduct business and provide services from a barrier-free facility or make reasonable accommodation for persons with impaired mobility.
 - b. Maintain and continuously update a listing of Fair Housing Resources and place the Fair Housing logo on all materials relating to their housing programs.
 - c. Designate an individual as the fair housing contact person who will be available during business hours.
 - d. Fair Housing contact person must maintain a running log to record fair housing issues, complaints, and distribution of fair housing materials according to program requirements.

- e. Respond to all fair housing issues and/or complaints in accordance with program requirements.

GENERAL GOALS AND OBJECTIVES

The City of Riverside HHS expects all applicants to structure programs using a targeted approach which facilitates coordination with all local, state, and federal programs to strengthen both program participants and the HOPWA program. Applicants must demonstrate community collaboration.

All successful applicants must:

- ✓ Clearly state the need for the services in their area and provide data to support the need (such as HMIS data on outcomes, numbers served in the past year within a similar program, waitlist data, and unmet need).

- ✓ Improve access to health care and other supportive services for individuals with HIV/AIDS to remain in their homes and to reduce their risks of homelessness.

 - **Project sponsor** is the term used in HOPWA for the organization that provides services to individuals with HIV/AIDS, and their families, that are homeless or at-risk of being homeless.

- **Pass-through entities** receive federal funds—either directly from the federal government, or from another pass-through entity – and subaward those funds to an organization [subrecipient] performing the work.
 - **Subrecipient** is the federal term for all non-federal organizations that receive federal funds to carry out a federal purpose, but receive those funds indirectly, such as through a state agency. All successful HOPWA applicants, whether project sponsors, pass-through entities, or both, will be subrecipients.
2. Every entity that receives federal funds – project sponsor, pass-through entity, or an agency that does both – has fiduciary and contractual obligations to:
- Use federal funds to provide the allowable services;
 - Be able to track those funds and expenditures in compliance with federal grant requirements; and

 - 5) Requirement that the subrecipient permit the pass-through or its auditors to have access to subrecipients records and financial statements; and
 - 6) Terms and conditions concerning the closeout of the subaward.
 - Evaluate each subrecipient’s risk of non-compliance with Federal requirements for the grant;
 - Monitor the activities of the subrecipient to ensure the funds are used for authorized purposes, in compliance with Federal statutes, and are achieving the subaward performance goals;
 - Verify that every subrecipient is audited as required if the subrecipients’ Federal awards exceed the audit requirement threshold; and
 - Assume full responsibility for reporting to the City of Riverside HSS.

Subcontracts must also have an existing location and be physically located in the designated service area.
