During the course of this investigation I was assigned to assist with the interviewing of involved officers. The interviews were conducted at the Magnolia Station on 10-31-17.

Interview of Officer Kerr

I interviewed Officer Kerr at 2120 hours. I told him that he was being interviewed as a witness in this case.

Officer Kerr is a member of the Riverside Police SWAT Team. He responded to Castle View Elementary School regarding a female being held hostage inside a classroom.

Officer Kerr was assigned as a member of the second Emergency Response Team (ERT-2). His team were in the classroom next door to classroom A-1, where the suspect was holding the victim hostage. A folding wall partition separated the two rooms. The partition was closed.

To prepare for a possible entry to rescue the victim, Officer Kerr's assignment was to help open the partition when the order was given to rescue the victim. He and Officer Wilder went to another building at the school which had the exact classroom design with the same partitions separating the rooms. They both practiced opening the partition. They videotaped themselves practicing on the partitions and later showed the video to ERT personnel, prior to the rescue mission.

Officer Kerr said that when the order was given to make entry into the classroom to rescue the victim, he and Officer's Wilder and Newton tried to open the partition. After the flashbang diversion was deployed, they tried to open the partition, but something was blocking it and it only opened about 2 feet. While he was trying to pull the partition open, he heard officers yelling at the suspect. He could not remember what was being yelled. He then heard gunshots and knew that a SWAT officer fired.

Officer Kerr said that a few seconds after the shots were fired, the victim was being pulled through the small opening of the partition by SWAT members. He helped the victim to the front door to awaiting medical personnel.

Officer Kerr said he never saw the suspect inside the classroom when the rescue mission started.

Officer Kerr said he never fired any of his weapons during the rescue mission.

Officer Kerr had no further information.
