Narrative of Supplemental Report:

On 10/31/16, Det. Brandt requested buffered video related to this incident to be pulled from Unit 3538 and the request was approved by Lt. Wagner on the same date. Information Technology personnel were able to obtain the buffered video from the vehicle and also imported the relevant video segment to the secured server on 10/31/16.

On 10/31/16 I reviewed the 2 hour buffered video segment for the relevant section to this incident. I determined the pertinent section of video to this incident and cut the video from 2348 hours through 0113 hours. The 1 hours, 26 minute, 29 seconds of video was then imported it into the COBAN Back Office software under P16200713.

After video verification in the COBAN system, I deleted the buffered video segment from the secured server.
