DATE 9/19/2013	TYPE OF REPORT O.I.S.	INVESTIGATING OFFICER Det. Sanfilippo #496
-------------------	--------------------------	---

On 09-17-2013, I attended an autopsy (Coroner case #-2013-08393) at the Riverside Coroner's Office on O-1 Jimenez. The autopsy began at 0940 hours with an overall observation of O-1 Jimenez. Dr. Park noted numerous gunshot wounds on the body of O-1 Jimenez. The clothing worn by O-1 Jimenez were removed and collected by RPD Senior ID Tech Ellis. Dr. Park noted nine gunshot wounds to the body of O-1 Jimenez. There was also evidence of less lethal injuries on the body of O-1 Jimenez.

Dr. Park noted that there was a graze wound to the top of O-1 Jimenez's head (left to right slightly downward). O-1 Jimenez also received four gunshots to the top of the left shoulder that traveled front to back. These gunshots caused damage to the lungs, kidney, spine aorta and heart. There were four projectiles recovered from these gunshot wounds (abdomen, lower back and two from the liver). O-1 Jimenez received a through and through gunshot wound that entered the left side of the neck and exited the right side of the neck (soft tissue only). O-1 Jimenez also received a through and through gunshot wound that entered the right thigh and exited the left thigh (soft tissue only). O-1 Jimenez received two gunshot wounds to his back (one right mid and one left upper). The left upper back went through the #1 and #2 ribs and landed in the left lung. The right mid back was located lodged in O-1 Jimenez's spine. O-1 Jimenez also had less-lethal gunshot wounds which included entry into the left side of his chest cavity by a bean bag projectile fired from the weapon. There was also evidence on his right arm and left leg of possible less lethal projectiles strikes.

Dr. Park noted the cause of death "Pending Coroner's Review". The autopsy concluded at 1330 hours. For more details of the autopsy, refer to the protocol report prepared by Dr. Park.
