Assisting Investigators

Riverside Police Department

Evidence Tech Selena Mackay-Davis

Riverside CAL-ID

Examiner Patricia Campos #N1846

Narrative

During this investigation I asked RPD Evidence Tech McKay-Davis to examine the suspect's .40 caliber handgun for fingerprints. Evidence Tech McKay-Davis told me that she did locate a latent print on the weapon and it appeared to be good enough to send to CAL-ID. I requested that she send the print to CAL-ID for identification and a direct comparison to S-Martinez's finger prints. Finger print Examiner Patricia Campos from CAL-ID examined the print and said the print did not match S-Martinez, nor did it hit to anyone in the system.

I then requested a direct comparison of the print to Officers Ortiz and Adcox. I was informed that all Riverside Police officer's prints are already in the system, and CAL-ID would have received a hit if it was an officers finger prints, but I requested the comparison anyway. Examiner Patricia Campos did the comparison and they were negative as well.

At this point I do not know who's print Evidence Tech McKay-Davis found on the gun, but they are not S-Martinez's nor any of the officers.
