Narrative of Supplemental Report:

On 11/25/13 I was notified that buffered video had been pulled from Unit 3934 for this OIS. At approximately 1400 hours, I was contacted by IT, Rich Blue that the video was being copied to a secured drive and will be available shortly.

I contacted Sgt. Amador once the video was available to review and determine the length of video to be brought into the Coban video management system. At 1441 hours, I cut and imported 38 minutes, 24 seconds of buffered video into the Coban Back Office application under case number P13169168.
