# City Council Memorandum

**TO: HONORABLE MAYOR AND CITY COUNCIL      DATE: DECEMBER 17, 2013**

**FROM: FINANCE DEPARTMENT      WARDS: ALL**

**SUBJECT: MONTHLY FINANCIAL REPORTS ENDING OCTOBER 2013 – FISCAL YEAR  
2012/13 YEAR-END GENERAL FUND FINANCIAL RESULTS - WATER  
GENERAL FUND TRANSFER SETTLEMENT RECOMMENDATION**

## **ISSUES:**

The items for City Council consideration are: 1) receipt of the monthly financial and investment reports ending October 31, 2013; 2) receipt of a report on the final year-end General Fund financial results for Fiscal Year 2012/13; and 3) approval of the recommendation regarding the method proposed to address the settlement payments related to the Water General Fund Transfer (“GFT”) lawsuit.

## **RECOMMENDATIONS:**

That the City Council:

1. Receive the monthly financial and investment reports;
2. Receive the year-end General Fund financial results for Fiscal Year 2012/13; and
3. Approve the recommendation regarding the method for making payments required as part of the settlement in the Water GFT lawsuit as further described in this report.

## **BACKGROUND:**

Each month, the Finance Department undertakes a comprehensive analysis of revenue and expenditures for the City’s major funds in order to monitor budget versus actual data and identify any positive or negative trends. The Monthly Financial Report (Attachment “A”) summarizes the results of that analysis, which is an essential component of the City’s sound fiscal management practices. This information is presented each month from September through May, and is superseded in June by the annual audit and then suspended until the first quarter of the following fiscal year is complete in September.

Sound investment practices are also essential to the City’s fiscal management. The Finance Department is responsible for managing the City’s investment portfolio, focusing first on the safety of investments and then on liquidity and an appropriate rate of return. The investment results and portfolio composition are summarized and reported to the City Council each month (Attachment “B”).

The Finance Department is also charged with managing the City's debt portfolio, issuing new debt and monitoring opportunities to refinance existing debt to minimize the City's cost of borrowing. The Monthly Debt Report (Attachment "C") summarizes the composition of the City's debt portfolio, details the revenue sources utilized to pay the debt service associated with each outstanding debt, and provides detailed information regarding the total principal and interest payments due in the current fiscal year by Fund.

### ***Fiscal Year 2012/13 Final Operating Results***

The Finance Department is presenting the October 31, 2013, financial report in a workshop format to review with the City Council the final, audited financial results for Fiscal Year 2012/13 and the impact of these results on the General Fund reserve balance. In 2012/13, staff initiated a more robust monthly financial forecast for the General Fund. The effort has increased transparency as to the status of the General Fund's revenues and expenditures, both positively and negatively, on a monthly basis. The last monthly financial report presented to the City Council was for May 2013.

That report included a forecast for the General Fund reserve balance to be \$37,645,000 as of June 30, 2013. For the reasons discussed below, the actual final balance as of June 30, 2013, was \$39,463,000, a positive difference of \$1,818,000.

The variance is explained by a number of reasons, but of particular note are the following year-end results that varied from the forecast:

1. Tax revenues, charges for services, and fines & forfeits revenues were higher than the forecasted amounts. These variances, along with the many other minor revenue variances, resulted in actual revenues that were higher than anticipated.
2. Expenditures were lower than anticipated due to several departments coming in further under budget than anticipated in the May 2013 forecast as a result of continued prudent management of departmental budgets.

The General Fund forecast for Fiscal Year 2013/14 as of October 31, 2013, reflects an anticipated increase in the reserve balance of \$55,000 as of June 30, 2014. Included within this number is growth in revenues totaling \$601,000, expenditures exceeding budget by \$72,000, and mid-year supplemental appropriations to date totaling \$474,000. All of these variances are discussed in more detail in the report. The forecast will continue to be updated each month as the fiscal year continues. In February 2014, staff will provide to the City Council the annual mid-year update on the operating performance of the General Fund through December 31, 2013.

### ***Water Fund General Fund Transfer Settlement Payments***

With adoption of the Fiscal Year 2013/14 budget in June, staff advised the City Council that information would be forthcoming later in the year as to a recommendation to address the funding mechanism for the three annual payments (for a total of \$10 million) associated with the settlement of the Water GFT lawsuit and payable to the Water Fund. Staff has carefully reviewed the operations of the City's electric and water utilities with staff from Riverside Public Utilities ("RPU") looking for any unrecovered costs being borne by the General Fund on behalf of the water and electric utilities. During this review process, it was noted by RPU staff that the Electric Fund's GFT payment does not include a full 11.5% transfer on the transmission revenue collected associated with other public utilities' use of the City's transmission system in conjunction with its participation in the California Independent System Operator (ISO) program. This merited additional analysis. At the conclusion of this analysis, staff determined that the City Charter language stating that "11.5% of gross revenues" will be transferred to the General Fund does

include the revenue generated from the use of the transmission system by other utilities and the GFT has, therefore, been under-collected.

The result of the application of the full 11.5% GFT to the transmission revenue is an increase to the Electric Fund's GFT payment of approximately \$2.6 million per year, which is generated from a wholesale revenue source not derived from rates paid by Riverside Public Utilities retail customers. This adjustment was made to the accounts for Fiscal Year 2012/13, with the funds allocated towards the Water GFT settlement payment due in Fiscal Year 2013/14. This additional GFT revenue collected from the Electric Fund for fiscal years 2013/14 – 2015/16, coupled with the previously made adjustment for Fiscal Year 2012/13, will prove sufficient to make all payments due to the Water Fund under the terms of settlement for the lawsuit. Following completion of the settlement payments in Fiscal Year 2015/16, future transmission revenue-related GFT payments will be an unrestricted General Fund revenue source available to fund ongoing operations.

**FISCAL IMPACT:**

There is no fiscal impact associated with this report. The required adjustment to the Electric Fund GFT is calculated annually by RPU staff who have made the change starting in Fiscal Year 2012/13. Fiscal Year 2013/14 GFT payments now include this additional revenue on a monthly basis. Staff will request the necessary supplemental appropriation to make the first settlement payment to the Water Fund in conjunction with the mid-year update in February 2014.

Miscellaneous Cash	80,000.00	80,000.00
<b>TOTAL POOLED INVESTMENT PORTFOLIO</b>	<b>379,727,953.57</b>	<b>381,344,256.23</b>
<b>INVESTMENTS HELD BY FISCAL AGENT</b>	<b>386,416,352.66</b>	<b>387,310,137.45</b>
<b>TOTAL CASH &amp; INVESTMENTS</b>	<b>\$ 766,144,306.23</b>	<b>\$ 768,654,393.68</b>

### COMPOSITION OF POOLED PORTFOLIO (NON-FISCAL AGENT)

It has been verified that this investment portfolio is in conformity, exclusive of items identified, with the City of Riverside's investment policy which was approved by City Council on 02/21/2012. The Treasurer's cash management program and cash flow analysis indicates that sufficient liquidity is on hand to meet estimated future expenditures for a period of six months. The weighted average maturity of the pooled investment portfolio is 1.72 years. Market prices of securities are obtained from Interactive Data Corporation. Weighted average yield on cost is 0.935%. The cash held and invested with fiscal agents is subject to the investment provisions of the related trust indentures associated with the bond transaction which generated the cash.

<sup>1</sup> Excludes water stock acquisition rights, copier leases, development agreements, and amortization of premiums and discounts on outstanding debt, none of which are material.

<sup>2</sup> 48.3% of the debt service for these bonds is allocated to other Funds based on the percentage of miscellaneous CalPERS plan employees budgeted in those Funds.

<sup>3</sup> 25.4% of the debt service for these bonds is allocated to the Parking Fund for the construction of Garage 6 and to the Successor Agency for the construction of the University Village garage.

<sup>4</sup> Debt service for this loan is primarily funded from a voter-approved increase in the transient occupancy tax rate from 11% to 13%.

<sup>5</sup> A portion of the debt service for this loan related to non-parking facilities is funded by the General Fund.

<sup>6</sup> Under the terms of an existing development agreement, increased incremental sales tax resulting from the expansion of the Auto Center funds the debt service on these bonds.
