CURRENT SITUATION

(Recent updates are posted at the top of Current Situation)

The City of Riverside Fire Department, RPD, and AMR responded to a report of people trapped inside a vehicle that went into a house. The first arriving truck company reported a vehicle into the corner of a house, but there was no one trapped inside the vehicle. Three patients from the vehicle were treated on scene and transported to a local hospital. The home was occupied at the time of the incident, but no one was in the affected area (kitchen) when the vehicle struck the house. The kitchen sustained moderate damage. The city's Senior Building Official was contacted on scene regarding the structural damage to the house and his office will be following up. Utilities in the kitchen were secured prior to the fire department's departure. The owner of the house made arrangements for the four occupants to stay in a hotel for the night. The Riverside Police Department is investigating the cause of the accident.
