Fire extinguisher and fire protection system companies can NOT conduct business in the City of Riverside until they are in possession of a valid City and State license. If you have any questions regarding the requirements, you may contact us at (951) 826-5737. The City of Riverside Fire Department is not liable for any work done or not done by any of the fire protection companies on this list. You should conduct your own investigation into the qualifications, including references, of each fire protection company prior to hiring any of them to do any work.
