SUMMARY

CITY OF RIVERSIDE FLEXIBLE BENEFIT PLAN

INTRODUCTION

We have amended the "flexible benefits plan" that we previously established for you and other eligible employees. Under this program, you will be able to choose among certain benefits that we make available. The benefits that you may choose are outlined in this summary plan description. We will also tell you about other important information concerning the amended Plan, such as the rules you must satisfy before you can join and the laws that protect your rights.

One of the most important features of our Plan is that the benefits being offered are generally ones that you are already paying for, but normally with money that has first been subject to income and Social Security taxes. Under our Plan, these same expenses will be paid for with a portion of your pay before Federal income or Social Security taxes are withheld. This means that you will pay less tax and have more money to spend and save.

Read this summary plan description carefully so that you understand the provisions of our amended Plan and the benefits you will receive. You should direct any questions you have to the Administrator. There is a plan document on file which you may review if you desire. In the event there is a conflict between this summary plan description and the plan document, the Plan document will control. Also, if there is a conflict between an insurance contract and either the plan document or this summary plan description, the insurance contract will control.

I
ELIGIBILITY

1. When Can I Become a Participant in the Plan?

Before you become a member or a "Participant" in the Plan, there are certain rules which you must satisfy. First, you must meet the "eligibility requirements." After that, the next step is to actually join the Plan on the "entry date" that we have established for all employees. You will also be required to complete certain application forms before you can enroll in the Health Care Reimbursement Plan or Dependent Care Assistance Account.

2. What Are the Eligibility Requirements for Our Plan?

You will be eligible to join the Plan once you have satisfied the conditions for coverage under our group medical plan. However, you will be eligible to join the Health Care Reimbursement Plan once you have completed 30 day(s) of employment. Of course, if you were already a participant before this amendment, you will remain a participant.

3. When Is My Entry Date?

Once you have met the eligibility requirements, your entry date will be the first day of the month coinciding with or following the date you met the eligibility requirements.

4. Are There Any Employees Who Are Not Eligible?

Yes, there are certain employees who are not eligible to join the Plan. They are:

-- Employees who are part-time. A part-time employee is someone who works, or is expected to work, less than 20 hours a week.

5. What Must I Do to Enroll in the Plan?

Before you can join the Plan, you must complete an application to participate in the Plan. The application includes your personal choices for each of the benefits which are being offered under the Plan. You must also authorize us to set some of your earnings aside in order to pay for a portion of the benefits you have elected.

However, if you are already covered under any of the insured benefits, you will automatically participate in this Plan to the extent of your premiums unless during the "election period" you elect not to participate in this Plan.

II
OPERATION

1. How Does This Plan Operate?

Before the start of each Plan Year, you will be able to elect to have some of your upcoming pay contributed to the Plan. These amounts will be placed in special funds or accounts which must be set up for you in order to pay for the benefits you have chosen. The portion of your pay that is paid to the Plan is not subject to Federal income or Social Security taxes. In other words, this allows you to use tax-free dollars to pay for certain kinds of benefits and expenses which you normally pay for with out-of-pocket, taxable dollars. Also, we will make additional employer contributions to the Plan that you may use to increase the amounts used to pay benefits. However, if you receive a reimbursement for an expense under the Plan, you cannot claim a Federal income tax credit or deduction on your return.

III
CONTRIBUTIONS

1. How Much of My Pay May the Employer Redirect?

Each year, for the insured benefits provided under this Plan we will automatically contribute on your behalf enough of your compensation to pay for the insurance coverage provided. In addition, you may elect to pay for the benefits that you elect under the Plan. These amounts will be deducted from your pay over the course of the year.

2. How Much Will the Employer Contribute Each Year?

We may contribute a discretionary amount which we will determine prior to the beginning of each Plan Year. This contribution will be made on a pro rata basis during the year. If you elect not to participate, the Employer will not contribute to the Plan on your behalf.

3. What Happens to Contributions Made to the Plan?

Before each Plan Year begins, you will select the non-insured benefits you want and how much of the contributions should go toward each benefit. It is very important that you make these choices carefully based on what you expect to spend on each covered benefit or expense during the Plan Year. Later, they will be used to pay for the expenses as they arise during the Plan Year.

4. When Must I Decide Which Accounts I Want to Use?

You are required by Federal law to decide before the Plan Year begins, during the "election period." You must decide two things. First, which benefits you want and, second, how much should go toward each benefit.

If you are already covered by any of the insured benefits offered by this Plan, you will automatically become a Participant to the extent of the premiums for such insurance unless you elect, during the "election period," not to participate in the Plan.

5. When Is the "Election Period" for Our Plan?

Your election period will start on the date you first meet the "eligibility requirements" and end 30 days after your "entry date." (You should review Section I on Eligibility to better understand the terms "eligibility requirements" and "entry date.") Then, for each following Plan Year, the election period is established by the Administrator and applied uniformly to all Participants. It will normally be a period of time prior to the beginning of each Plan Year. The Administrator will inform you each year about the election period. (See the Article entitled "General Information About Our Plan" for the definition of Plan Year.)

6. May I Change My Elections During the Plan Year?

Generally, you cannot change the elections you have made after the beginning of the Plan Year. However, there are certain limited situations when you can change your elections. You are permitted to change elections if you have a "change in status" and you make an election change that is consistent with the "change in status." Currently, Federal law considers the following events to be "changes in status":

-- Marriage, divorce, death of a spouse, legal separation or annulment;

-- Change in the number of dependents, including birth, adoption, placement for adoption, or death of a dependent;

-- Any of the following events for you, your spouse or dependent: termination or commencement of employment, a strike or lockout, commencement or return from an

unpaid leave of absence, a change in worksite, or any other change in employment status that affects eligibility for benefits;

-- One of your dependents satisfies or ceases to satisfy the requirements for coverage due to change in age, student status, or any similar circumstance; and

-- A change in the place of residence of you, your spouse or dependent.

In addition, if you are participating in the Dependent Care Assistance Program, then there is a "change in status" if your dependent no longer meets the qualifications to be eligible for dependent care.

There are detailed rules on when a change in election is deemed to be consistent with a "change in status." In addition, there are laws that give you rights to change accident and health coverage for you, your spouse, or your dependents. If you change coverage due to rights you have under the law, then you can make a corresponding change in your elections under the Plan. If any of these conditions apply to you, you should contact the Administrator.

If the cost of a benefit provided under the Plan increases or decreases during a Plan Year, then we will automatically increase or decrease, as the case may be, your salary redirection election. If the cost increases significantly, you will be permitted to either make corresponding changes in your payments or revoke your election and obtain coverage under another benefit package option with similar coverage, or revoke your election entirely.

If the coverage under a Benefit is significantly curtailed or ceases during a Plan Year, then you may revoke your elections and elect to receive on a prospective basis coverage under another plan with similar coverage. In addition, if we add a new coverage option or eliminate an existing option, you may elect the newly-added option (or elect another option if an option has been eliminated) and make corresponding election changes to other options providing similar coverage. If you are not a Participant, you may elect to join the Plan. There are also certain situations when you may be able to change your elections on account of a change under the plan of your spouse's, former spouse's or dependent's employer.

These rules on change due to cost or coverage do not apply to the Health Care Reimbursement Plan, and you may not change your election to the Health Care Reimbursement Plan if you make a change due to cost or coverage for insurance.

You may not change your election under the Dependent Care Assistance Program if the cost change is imposed by a dependent care provider who is your relative.

7. May I Make New Elections in Future Plan Years?

Yes, you may. For each new Plan Year, you may change the elections that you previously made. You may also choose not to participate in the Plan for the upcoming Plan Year. However, if you do not change the elections already in place from the previous Plan Year, we will assume you want them to remain the same. New elections must be made during the "election period" prior to the beginning of each Plan Year.

IV
BENEFITS

1. What Benefits Are Available?

Under our Plan, you can choose to receive your entire compensation or use a portion to pay for the following benefits or expenses during the year:

Health Care Reimbursement Plan:

The Health Care Reimbursement Plan enables you to pay for expenses which are not covered by our insured medical plan and save taxes at the same time. The account allows you to be reimbursed by the Employer for out-of-pocket medical, dental and vision expenses incurred by you and your dependents. The expenses which qualify are those allowed under Sections 105 and 213(d) of the Internal Revenue Code. A list of covered expenses is available from the Administrator. You may not, however, be reimbursed for the cost of other health care coverage maintained outside of the Plan, or for long-term care expenses.

The most that you can contribute to your Health Care Reimbursement Plan each Plan Year is $3,000. In order to be reimbursed for a health care expense, you must submit to the Administrator an itemized bill from the service provider. Amounts reimbursed from the Plan may not be claimed as a deduction on your personal income tax return. Reimbursement from the fund shall be paid at least once a month.

Dependent Care Assistance Account:

The Dependent Care Assistance Account enables you to pay for out-of-pocket, work-related dependent day-care cost with pre-tax dollars. If you are married, you can use the account if you and your spouse both work or, in some situations, if your spouse goes to school full-time. Single employees can also use the account.

An eligible dependent is any member of your household for whom you can claim expenses on Federal Income Tax Form 2441 "Credit for Child and Dependent Care Expenses." Children must be under age 13. Other dependents must be physically or mentally unable to care for themselves. Dependent Care arrangements which qualify include:

-- A Dependent (Day) Care Center, provided that if care is provided by the facility for more than six individuals, the facility complies with applicable state and local laws.

-- An Educational Institution for pre-school children. For older children, only expenses for non-school care are eligible.

-- An "Individual" who provides care inside or outside your home. The "Individual" may not be a child of yours under age 19 or anyone you claim as a dependent for Federal tax purposes.

You should make sure that the dependent care expenses you are currently paying for qualify under our Plan. The law places limits on the amount of money that can be paid to you in

a calendar year from your Dependent Care Assistance Account. Generally, your reimbursements may not exceed the lesser of: (a) $5,000 (if you are married filing a joint return or you are head of a household) or $2,500 (if you are married filing separate returns); (b) your taxable compensation; (c) your spouse's actual or deemed earned income (a spouse who is a full time student or incapable of caring for himself/herself has a monthly earned income of $250 for one dependent or $500 for two or more dependents). Also, in order to have the reimbursements made to you from this account be excludable from your income, you must provide a statement from the service provider including the name, address, and in most cases, the taxpayer identification number of the service provider on your tax form for the year, as well as the amount of such expense as proof that the expense has been incurred. In addition, Federal tax laws permit a tax credit for certain dependent care expenses you may be paying for even if you are not a Participant in this Plan. You may save more money if you take advantage of this tax credit rather than using the Dependent Care Assistance Account under our Plan. Ask your tax adviser which is better for you.

Premium Expense Account:

A Premium Expense Account allows you to use tax-free dollars to pay for certain premium expenses under various insurance programs that we offer you. These premium expenses include:

-- Health care premiums under our insured group medical plan.

-- Dental insurance premiums.

-- Vision insurance premiums.

-- Other insurance coverage that we may provide.

Under our Plan, we will establish sub-accounts for you for each different type of insurance coverage that is available. Also, certain limits on the amount of coverage may apply.

The Administrator may terminate or modify Plan benefits at any time, subject to the provisions of any insurance contracts providing benefits described above. We will not be liable to you if an insurance company fails to provide any of the benefits described above. Also, your insurance will end when you leave employment, are no longer eligible under the terms of any insurance policies, or when insurance terminates.

Any benefits to be provided by insurance will be provided only after (1) you have provided the Administrator the necessary information to apply for insurance, and (2) the insurance is in effect for you.

V
BENEFIT PAYMENTS

1. When Will I Receive Payments From My Accounts?

During the course of the Plan Year, you may submit requests for reimbursement of expenses you have incurred. Expenses are considered "incurred" when the service is performed,

not necessarily when it is paid for. The Administrator will provide you with acceptable forms for submitting these requests for reimbursement. If the request qualifies as a benefit or expense that the Plan has agreed to pay, you will receive a reimbursement payment soon thereafter. Remember, these reimbursements which are made from the Plan are generally not subject to federal income tax or withholding. Nor are they subject to Social Security taxes. Requests for payment of insured benefits should be made directly to the insurer. You will only be reimbursed from the Dependent Care Assistance Account to the extent that there are sufficient funds in the Account to cover your request.

2. What Happens If I Don't Spend All Plan Contributions?

Any monies left at the end of the Plan Year will be forfeited. Obviously, qualifying expenses that you incur late in the Plan Year for which you seek reimbursement after the end of such Plan Year will be paid first before any amount is forfeited. However, you must make your requests for reimbursement no later than 90 days after the end of the Plan Year. Because it is possible that you might forfeit amounts in the Plan if you do not fully use the contributions that have been made, it is important that you decide how much to place in each account carefully and conservatively. Remember, you must decide which benefits you want to contribute to and how much to place in each account before the Plan Year begins. You want to be as certain as you can that the amount you decide to place in each account will be used up entirely.

3. Family and Medical Leave Act (FMLA)

If you take leave under the Family and Medical Leave Act, you may revoke or change your existing elections for health insurance and the Health Care Reimbursement Plan. If your coverage in these benefits terminates, due to your revocation of the benefit while on leave or due to your non-payment of contributions, you will be permitted to reinstate coverage for the remaining part of the Plan Year upon your return. For the Health Care Reimbursement Plan, you may continue your coverage or you may revoke your coverage and resume it when you return. You can resume your coverage at its original level and make payments for the time that you are on leave. For example, if you elect $1,200 for the year and are out on leave for 3 months, then return and elect to resume your coverage at that level, your remaining payments will be increased to cover the difference- from $100 per month to $150 per month. Alternatively your maximum amount will be reduced proportionately for the time that you were gone. For example, if you elect $1,200 for the year and are out on leave for 3 months, your amount will be reduced to $900. The expenses you incur during the time you are not in the Health Care Reimbursement Plan are not reimbursable.

If you continue your coverage during your unpaid leave, you may pre-pay for the coverage, you may pay for your coverage on an after-tax basis while you are on leave, or you and your Employer may arrange a schedule for you to "catch up" your payments when you return.

4. Uniformed Services Employment and Reemployment Rights Act (USERRA)

If you are going into or returning from military service, you may have special rights to health care coverage under your Health Care Reimbursement Plan under the Uniformed Services Employment and Reemployment Rights Act of 1994. These rights can include extended health care coverage. If you may be affected by this law, ask your Administrator for further details.

5. What Happens If I Terminate Employment?

If you leave our employ during the Plan Year, your right to benefits will be determined in the following manner:

-- You will remain covered by insurance, but only for the period for which premiums have been paid prior to your termination of employment.

-- You will still be able to request reimbursement for qualifying dependent care expenses for the remainder of the Plan Year from the balance remaining in your dependent care account at the time of termination of employment. However, no further salary redirection and Employer contributions will be made on your behalf after you terminate.

-- Your participation in the Health Care Reimbursement Plan will cease, and no further salary redirection and Employer contributions will be contributed on your behalf. However, you will be able to submit claims for health care expenses incurred prior to your date of termination.

Under Federal law, if you, your spouse, and/or your covered dependents ("qualified beneficiaries") lose coverage under this Plan, then you, your spouse, and/or your covered dependents may be entitled to continuation of health care coverage. The Administrator will inform you of these rights if you lose coverage for any reason other than divorce, legal separation or a covered dependent ceasing to be a dependent. Generally, if we (and any related companies) employed twenty (20) or more employees "on a typical business day" in the preceding calendar year, health plan continuation must be made available for a period not to exceed eighteen (18) months if a loss of benefits occurs because of your termination of employment or reduction of hours, or for a period that could be extended for a second eighteen (18) month period, not to exceed thirty-six (36) months for any of the other reasons given in (b) and (c) below, if these events happen while a qualified beneficiary is already on COBRA continuation coverage. Under certain circumstances, persons who are disabled at the time of termination of employment or reduction in hours and/or within the first 60 days of COBRA coverage may be eligible for continuation of coverage for a total of 29 months (rather than 18). You should check with the Administrator for more details regarding this extended coverage. However, in certain circumstances, this continuation coverage may be terminated for reasons such as failure to pay continuation coverage cost, coverage under another employer's plan (whether as an employee or otherwise, provided the other employer's health plan does not contain any exclusion or limitation with respect to any pre-existing condition of the beneficiary unless the pre-existing condition limit does not apply to, or is satisfied by, the qualified beneficiary by reason of the group health plan portability, access and renewability requirements of the Health Insurance Portability and Accountability Act or the Public Health Services Act), termination of our health plan, a "for cause" termination of coverage for reasons such as fraud, or you (or the person entitled to continued coverage) become enrolled in Medicare. However, if you become enrolled in Medicare, your covered dependents may still qualify for continuation coverage. The cost of continuation coverage must be paid by the individual choosing such coverage; however, the cost may not exceed 102% of the cost of the same coverage for a "similarly situated" employee or family member. When the continuation coverage for a disabled person is extended from 18 months to 29 months, the disabled person may be charged 150% (rather than 102%) of the cost of the coverage after expiration of the initial 18-month period.

(a) If you would otherwise lose your health plan coverage under this Plan because of a termination of employment (other than for reasons of gross misconduct) or reduction in hours, you may continue the health plan coverage provided under this Plan. However, this will not be a tax-deductible expense to you, absent unusual circumstances. Your spouse or covered dependents may also continue health plan coverage for these reasons.

(b) Your spouse may choose continuation coverage for himself or herself if he or she loses group health coverage for any of the following reasons: (1) your death; (2) your divorce or legal separation; or (3) you become enrolled in Medicare.

(c) Your dependent children, including a child born to or placed for adoption with the Participant during the period of COBRA coverage, may choose continuation coverage for themselves if they lose group health coverage for any of the following reasons: (1) death of a parent-employee; (2) your divorce or legal separation; (3) you become enrolled in Medicare; or (4) your dependent ceases to be a "dependent child" under the Plan.

It is your responsibility to notify the Plan Administrator of a divorce, legal separation or other change in marital status, change in a spouse's address, or a child losing dependent status under the plan, within sixty (60) days of the event. It is our responsibility to notify the Plan Administrator of your death, termination of employment or reduction in hours, the Employer's bankruptcy (if it results in a loss of coverage), or Medicare eligibility (1) within thirty (30) days of any of these events or (2) within thirty (30) days following the date coverage ends.

You can elect to continue your participation in the Health Care Reimbursement Plan for the remainder of the Plan Year, subject to the following conditions. You may only continue to participate in the Health Care Reimbursement Plan if you have contributed more money than you have taken out in claims. For example, if you elected to contribute an annual amount of $500 and, at the time you terminate employment, you have contributed $300 but only claimed $150, you may elect to continue coverage under the Health Care Reimbursement Plan. If you elect to continue coverage, then you would be able to continue to receive your health care reimbursements up to the $500. However, you must continue to pay for the coverage, just as the money has been taken out of your paycheck, but on an after-tax basis. The Plan can also charge you an extra amount to provide this benefit. When you terminate employment the Administrator will provide you with a notice regarding your right to continue coverage.

6. Will My Social Security Benefits Be Affected?

Your Social Security benefits may be slightly reduced because when you receive tax-free benefits under our Plan, it reduces the amount of contributions that you make to the Federal Social Security system as well as our contribution to Social Security on your behalf.

VI
HIGHLY COMPENSATED AND KEY EMPLOYEES

1. Do Limitations Apply to Highly Compensated Employees?

Under the Internal Revenue Code, "highly compensated employees" and "key employees" generally are Participants who are officers, shareholders or highly paid. You will be notified by the Administrator each Plan Year whether you are a "highly compensated employee" or a "key employee."

If you are within these categories, the amount of contributions and benefits for you may be limited so that the Plan as a whole does not unfairly favor those who are highly paid, their spouses or their dependents. Federal tax laws state that a plan will be considered to unfairly favor the key employees if they as a group receive more than 25% of all of the nontaxable benefits provided for under our Plan.

Plan experience will dictate whether contribution limitations on "highly compensated employees" or "key employees" will apply. You will be notified of these limitations if you are affected.

VII
PLAN ACCOUNTING

1. Periodic Statements

The Administrator will provide you with a statement of your account periodically during the Plan Year that shows your account balance. It is important to read these statements carefully so you understand the balance remaining to pay for a benefit. Remember, you want to spend all the money you have designated for a particular benefit by the end of the Plan Year.

City of Riverside has amended your City of Riverside Flexible Benefit Plan as of December 31, 2004.

This is merely a summary of the most important changes to the Plan. If you have any questions, contact your Plan's Administrator. II
SUMMARY OF CHANGES

Dependent Care Assistance Program:

The Dependent Care Assistance Program has been amended to reflect changes required by a new law called the Working Families Tax Relief Act (WFTRA). In general, WFTRA removed the requirement that you maintain the household (i.e., provide over one-half the costs of maintaining the household in which you live) in order to be able to claim dependent care expenses for your dependent. WFTRA also changed who can be a "qualifying individual" for dependent care expenses. One type of "qualifying individual" is an individual who is under age 13 and who can be claimed as an exemption for income tax purposes. Under the new law, the ability to claim a child as an exemption (and for this Dependent Care Assistance Program) is based on residency. Prior to the change, it was based on whether over one-half of the support was provided to the child.

II
SUMMARY OF CHANGES

1. Change in Elections

Effective January 1, 2015, you may revoke your coverage under the employer's group health plan outside of our open enrollment period, if your employment status changes from working at least 30 hours per week to less than 30 hours. This is regardless of whether the reduction in hours has resulted in loss of eligibility. You must show intent to enroll in another health plan.

You may also revoke your coverage under our Employer sponsored group health plan if you are eligible to obtain coverage through the health exchanges.
