

2023 OPEN ENROLLMENT

FREQUENTLY ASKED QUESTIONS

Open Enrollment is from Tuesday, November 1, 2022 to Friday, November 18, 2022 at 5 p.m.

What is open enrollment?

Open enrollment is your one opportunity to make changes to your medical and or dental plan or add/ drop eligible dependents without a qualifying event.

What if I don't want to make any changes to my benefits?

If you are not making changes, are not enrolling in an FSA plan, and are not opting out of medical insurance then you don't need to submit a request. We will keep you and your dependents continued on the same medical and dentals plans.

Are there any changes I should know about?

A new, Critical Illness Insurance plan has been added to the City's benefit options! This is a voluntary insurance plan that covers out-of-pocket expenses that medical insurance does not, in the event of a qualifying injury or illness.

Kaiser Permanente and Blue Shield plans experienced a rate increase, review rate sheet for new premiums. Dental premiums remain the same.

How do I submit my changes for Open Enrollment?

You can begin submitting your requests on Tuesday, November 1, 2022 on Employee Online up through Friday, November 18, 2022 at 5 p.m.

Do I need to submit anything if I opt out of health insurance?

Yes. Health opt-out will NOT carry over automatically, you must re-elect this option (found under medical plans) and provide new verification of alternate coverage.

Failure to submit a new health opt-out request and proof of alternate coverage will impact your eligibility for the annual stipend.

When are my Open Enrollment effective?

Elections for flexible spending accounts (FSAs), medical, and dental insurance are effective Sunday, January 1, 2023.

Effective dates for critical illness insurance, additional life insurance and long-term disability are determined by the provider, The Standard, and may be dependent upon medical underwriting. Enrollment in legal insurance is effective the first of the month following the request. Changes to deferred comp may become effective within one or two pay periods following your submission
