NOTICE OF PRIVACY PRACTICES**

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Effective: October 10, 2019

This notice is required by law under the federal Health Insurance Portability and Accountability Act of 1996 (HIPAA) and is intended to provide information about the legal protections that apply to your health information. HIPAA includes numerous provisions that are designed to maintain the privacy and confidentiality of your Protected Health Information (PHI). PHI is health information that contains identifiers (such as your name, address, social security number, or other information that identifies you) and information related to your past, present or future health condition and treatments.

This notice is for participants in the Company Health & Welfare Plan (referred to as the "Plan"), including its component plans.

Required by Law

- The Plan must make sure that health information that identifies you is kept private.
- The Plan must give you this notice of our legal duties and privacy practices with respect to health information about you.
- The Plan must obtain written authorization from you for the use and disclosure of your PHI related to psychotherapy notes; when for purposes of marketing; and/or for disclosures constituting a sale of PHI.
- The Plan must follow the terms of the notice that are currently in effect.

Permitted Plan use of Your Health Information

For certain health information, you can tell us your choices about what we share. If you have a clear preference for how we share your information in the situations described below, contact the Plan Privacy Officer.

You have both the right and choice to tell us to: share information with your family, close friends, or others involved in payment for your care; share information in a disaster relief situation; and contact you for fundraising efforts.

If you are not able to tell us your preference, for example if you are unconscious, the Plan may go ahead and share your information if it believes it is in your best interest. The Plan may also share your information when needed to lessen a serious and imminent threat to health or safety.

The Plan will never share your information unless you give us written permission for: marketing purposes and the sale of your information.

Treatment: The Plan may use your health information to assist your health care providers (doctors, pharmacies, hospitals and others) to assist in your treatment. For example, the Plan may provide a treating physician with the name of another treating provider to obtain records or information needed for your treatment.

Regular Operations: We may use information in health records to review our claims experience and to make determinations with respect to the benefit options that we offer to employees. We may also use and disclose your information to run our organization and contact you when necessary. If PHI is used or disclosed for underwriting purposes, the Plan is prohibited from using or disclosing any of your PHI that is genetic information for such purposes. The Plan is also not allowed to use genetic information to decide whether we will give you coverage and the price of that coverage. This does not apply to long term care plans.

Payment for Health Services and Administration of the Plan: The Plan can use and disclose your health information when paying for your health services. For example, the Plan may share information about you with your dental plan to coordinate payment for your dental work. The Plan may disclose your health information to your health plan sponsor for plan administration. For example, where your company contracts with an insurer to provide a health plan, and the Plan provides your company with certain statistics to explain the premiums charged.

Business Associates: There are some services provided in our organization through contracts with business associates. Business associates with access to your information must adhere to a contract requiring compliance with HIPAA privacy rules and HIPAA security rules.

As Required by Law: We will disclose health information about you when required to do so by federal, state or local law (this includes the Department of Health and Human Services if it wants to see that the Plan is complying with federal privacy law).

To Respond to Organ and Tissue Donation Requests and Work with a Medical Examiner or Funeral Director: We may share health information about you with organ procurement organizations; and may share health information with a coroner, medical examiner, or funeral director when an individual dies.

Workers' Compensation: We may release health information about you for workers' compensation programs or claims or similar programs. These programs provide benefits for work-related injuries or illness.

Law Enforcement and other Government Requests: We may disclose your health information for law enforcement purposes or with a law enforcement official, in response to a valid subpoena or other judicial or administrative request/order, with health oversight agencies for activities authorized by law, or for special government functions such as military, national security, and presidential protective services.

Public Health and Research: We may also use and disclose your health information to assist with public health activities (for example, reporting to a federal agency) or health oversight activities (for example, in a government investigation). Additionally we may share health information about you when: preventing disease; helping with product recalls; reporting adverse reactions to medications; reporting suspected abuse, neglect, or domestic violence; preventing or reducing a serious threat to anyone's health or safety or for purposes of health research.
