

The City of Riverside wants to see you “Take Back the Wall”

The City of Riverside Public Works Department wants to see why graffiti prevention is important to teens. Students (grades 9-12) who attend school within the City of Riverside are invited to create a 60-second video about how to keep graffiti off the walls of our community. Students may enter as individuals or a group of up to five students.

Challenge

Create a 60-second video that will inform and motivate teens to express themselves creatively through legal art. The video should align with the contest theme. This year’s theme is to show your Riverside pride in an anti-Graffiti message. The video should contain facts from this tool kit about graffiti prevention, removal, enforcement and/or alternatives to graffiti vandalism.

Video Submission Guidelines

1. Videos must be submitted in Windows Movie File Format (.WMV file extension). If your video was created on a Mac computer, the video must be converted to a Windows .WMV format. Videos taken on cell phones must also be converted to .WMV format.
2. If your video opens in the Quicktime player, you must convert the video to .WMV format to play in the Windows Media Player.
3. The video cannot have been submitted previously in a promotion or contest of any kind or exhibited or displayed publicly through any means previously.
4. All footage, including music, must be originally created material or you must obtain proper, legal permission to use someone else’s copyrighted material. Music used under the free creative commons license is permitted as long as a copy of the license is provided with the application. Even music legally purchased must have written permission to rebroadcast. Complete and include the soundtrack and music information form.
5. The video must not contain any brand names or trademarks.
6. The video must not contain any images of actual graffiti. If images of graffiti are included, the images shall be distorted in a way to prevent the graffiti moniker or tag from being recognized or readable.
7. The video must not contain any material that is inappropriate, indecent, obscene, hateful, defamatory, slanderous, or libelous.
8. The video must not contain material that promotes bigotry, racism, hatred, or harm against any group or individual or promotes discrimination based on race, sex, religion, nationality, disability, sexual orientation, or age.
9. The video must not contain material that is unlawful, in violation or contrary to the laws or regulations of the City of Riverside or State of California.

Graffiti Vandalism Facts

What is graffiti?

Graffiti is the most common type of vandalism according to the Bureau of Justice Statistics. Graffiti, also referred to as "tagging", is the unauthorized writing or drawing on a public or private surface. Graffiti may consist of inscriptions, slogans or drawings that are created paint, scratches, stickers, scribbles or etching.

What do most vandals look like?

Most studies show the majority of taggers are males between 12 and 21 years old. Approximately 15 percent of graffiti vandals are young females.

Why do people "tag" walls?

There are several reasons people vandalize property: rebellion against authority, peer pressure from friends, false belief that graffiti is art, fame and notoriety, and marking of territory.

What happens to a graffiti tagger who gets caught?

Enforcement of graffiti laws may include any or all of the following:

- Fines and restitution for graffiti markings.
- Arrest and imprisonment.

- Community service to clean graffiti damage.
- If the cost of graffiti cleanup is more than \$400, the vandal is automatically charged with a felony.
- Parents or guardians fined or ordered to restore property to its original condition or provide restitution. California Civil Code 1714.1 holds parents liable for up to \$25,000 in damages for each graffiti incident.

How does graffiti affect you?

Graffiti sends the signal that nobody cares, attracting other forms of crime and street delinquency to the neighborhood, reducing property values.

Graffiti drains tax dollars. Funds that could be used for schools, roads, parks, and other community improvements are instead used for graffiti clean-up.

How do you remove graffiti?

There are several ways to remove graffiti. The best method for removal is determined by the amount of graffiti, its location, and the vandalized surface. The low-cost method is a paint-out, which is simply to paint over the graffiti.

If you see graffiti in the City of Riverside, call the City Call Center at 826-5311. Graffiti removal will occur within 24 hours, with an average removal time of 12 hours. The 311 mobile application allows residents to take a photo of the vandalism with their cell phone and report it directly to the call center for removal. Reporting graffiti creates a cleaner, safer community.

Graffiti Rewards Program

Riverside residents who report information that leads to the arrest of a graffiti vandal are eligible to receive a \$1,000 reward. To report graffiti in progress, call 9-1-1.

How can YOU prevent graffiti?

Educate your peers about graffiti vandalism and empower them to take action.

Report and remove graffiti promptly. Studies show that graffiti removal within 24 to 48 hours results in a nearly zero rate of reoccurrence.

Consider organizing a paint-out or a paintbrush mural to cover a wall plagued with graffiti; adopt a wall in your school or community and make sure it stays clean and free of graffiti; and report graffiti to the appropriate authorities.
