SLOW DOWN

SAFE SPEEDS SAVE LIVES

CITYWIDE SPEED LIMIT REDUCTION PROGRAM

The City of Riverside has approved a Citywide Speed Limit Reduction Program to improve safety for everyone who uses our streets.

Research consistently shows that even small reductions in speed can reduce crash severity and improve safety for drivers, pedestrians, bicyclists, and other roadway users.

BY THE NUMBERS

321
Engineering & Traffic Speed Surveys Completed

135
Roadway Segments Receiving Reduced Speed Limits

36
Roadway Segments Receiving Newly Established Posted Speed Limits

63
Safety Corridors Identified Citywide

WHY THESE CHANGES ARE NEEDED

Between January 1, 2021 and December 31, 2025, Riverside had:

2,806
Collisions Recorded From Unsafe Speeding
