Re: Fremont Street Easement

Dear Jack:

In furtherance to my letter requesting an easement on a portion of vacated Fremont Street in which the gate control mechanism was placed, it is my understanding that you desire assurance from the City that the easement will become null and void at such time as the electronic gate is abandoned. Please accept this letter as my assurance on behalf of the City of Riverside that in the event the electronic gate is either abandoned or relocated, the 20 sq. ft. easement you are providing will be terminated. In the event there are steps necessary to ensure this termination in the future, the City will bear all the cost of such administrative procedures.

If you feel you need additional assurances on this matter or would like further information, please feel free to give me a call.

Yours very truly,

ROBERT C. WALES
Public Works Director
