GENERAL PROVISIONS

1. ACCEPTANCE OF PROVISIONS. It is understood and agreed by the Permittee that the performance of any work authorized under this permit shall constitute an acceptance of the provisions contained herein, and failure to comply with said provisions shall result in revocation of this permit by the Riverside County Flood Control and Water Conservation District.
2. NO PRECEDENT ESTABLISHED. This permit is granted with the understanding that this action is not to be considered as establishing any precedent on the question of the expediency of permitting any certain kind of encroachment to be erected within right of way of the Riverside Flood Control and Water Conservation District.
3. KEEP PERMIT ON WORK. This permit shall be kept at the site of the work and must be shown to any representative of the Riverside County Flood Control and Water Conservation District upon request.
4. PERMITS FROM OTHER AGENCIES. The party or parties to whom this permit is issued shall, whenever the same is required by law, secure the written order or consent to any work hereunder from the Public Utilities Commission of the State of California or any other public Board having jurisdiction, and this permit shall be suspended in operation unless and until such order or consent is obtained.
5. CLEAN UP RIGHT OF WAY. Upon completion of the work, all brush, timber, scraps and material shall be entirely removed and the right-of-way left in as presentable condition as before work started.
6. STANDARDS OF CONSTRUCTION. All work shall conform to recognized standards of construction.
7. SUPERVISION OF GRANTOR. All the work shall be done subject to the supervision of, and to the satisfaction of, the Riverside County Flood Control and Water Conservation District.
8. FUTURE MOVING OF INSTALLATION. It is understood by the Permittee that whenever construction, reconstruction or maintenance work on the right of way may require, the installation provided for herein shall, upon request of the Riverside County Flood Control and Water Conservation District, be immediately moved by, and at the sole expense of, the Permittee.
9. LIABILITY FOR DAMAGES. The permittee shall indemnify and hold the Riverside County Flood Control and Water Conservation District, its officers, agents, employees and independent contractors free and harmless from any liability whatsoever, based or asserted upon any act or omission of permittee, its officers, agents, employees, subcontractors, independent contractors, guests and invitees, for property damage, bodily injury or death or any other element of damage of any kind or nature related to or in anywise connected with or arising from the permittee's use of the premises, including, but not limited to, the construction, operation and maintenance of the installation provided for herein on the District's right-of-way or any such claims that may arise out of the failure of such installation, the condition thereof or the obligations to be performed by the permittee herein. The permittee shall defend, at its expense, including attorney's fees, the Riverside County Flood Control and Water Conservation District, its officers, agents, employees and independent contractors, in any claim or legal action based upon such alleged acts or omissions.
10. SURVEY MONUMENTS. Riverside County Flood Control and Water Conservation District monuments and/or right-of-way markers placed for the convenience of the permittee and monuments or right-of-way markers destroyed or requiring placement during or after completion of the work shall be done by the Riverside County Flood Control and Water Conservation District's survey crews and the permittee shall pay to the Riverside County Flood Control and Water Conservation District any and all costs incurred in the placement or replacement of District monuments and/or right-of-way markers within 30 days of billing from the Riverside County Flood Control and Water Conservation District.
11. MAKING REPAIRS. The permittee shall replace and restore the right of way at the place of the excavation to its condition prior to the making of the excavation.
12. CARE OF DRAINAGE. If the work herein contemplated shall interfere with the established drainage, ample provision shall be made by the Permittee to provide for it as may be directed by the grantor.
13. MAINTENANCE. The permittee agrees by the acceptance of this permit to exercise reasonable care to maintain properly any encroachment placed by it in the right of way and to exercise reasonable care in inspecting for and immediately repairing and making good any injury to any portion of the right of way as a result of the work done under this permit, including any and all injury to the right of way which would not have occurred had such work not been done or such encroachment not placed therein.
14. PERFORMANCE WARRANTY. Bond may be required of the permittee whenever in the judgment of the Riverside County Flood Control and Water Conservation District, it becomes necessary or advisable to guarantee performance.
15. DURATION. This permit may be cancelled by the Riverside County Flood Control and Water Conservation District upon thirty days written notice to permittee.

SPECIAL PROVISIONS

1. INSPECTION FEE REQUIRED BY GRANTOR. The permittee shall deposit a sum in the amount of \$ 600⁰⁰ with the Riverside County Flood Control and Water Conservation District at least five working days prior to the anticipated start of work covered by this permit. Said amount is to cover the estimated cost of inspection, investigation, testing, etc., by the District of the work proposed under the permit.
2. NOTICE OF BEGINNING OF WORK. The permittee shall advise the Chief Engineer in writing of the anticipated start of work covered by this permit. Said notice shall be delivered to the office of the Riverside County Flood Control and Water Conservation District at least five working days prior to the start of work.

Encroachment Permit No. 1-0-181-702
December 19, 1985

Permittee's attention is called to General Provision 9 and Special Provisions 1 & 2, found on the reverse side hereof, requiring 5 days notice prior to commencing work. Notice may be given by calling Howard Dickerson at 714/787-6668. In the event permittee or contractor fails to give proper notice before starting work, permittee's contractor shall be required to remove the backfill for inspection and/or reconstruction of the work described in this permit, as directed by District's engineer. In addition, after any period of inactivity of 3 working days or longer, the permittee will again be required to notify this office, at least one working day in advance of the resumption of work. Failure to properly notify this office could result in the permit being revoked.

If installation is not completed within either 10 working days after commencing work, or such other time as may be specified on the encroachment permit, the permit will be suspended and no work will be allowed until a penalty payment equal to the original inspection fee is paid. This penalty will be assessed for each 10 working days, or other specified period until the installation is completed.
