

GENERAL NOTES

- Construction shall be in accordance with the City of Riverside, Department of Public Works Standards and the Standard Specifications for Public Works Construction, 1979 Edition.
- The following standard drawings apply:
452 Pipe Bedding Case I
453 Trench Backfill
500 Manhole
562 Lateral
- M.H. to be constructed per Std. 500
- New line to remain plugged at M.H. #1 until accepted by city.
- ~~The sewer contractor shall adjust M.H.'s to final grade after paving is completed.~~
- Contractor to provide construction signing per "California Manual of Signs, Lights and Devices for Use in Performance of Work Upon Highways".
- The private engineer signing the plans is responsible for the accuracy and acceptability of the work hereon. In the event of discrepancies arising during construction, the private engineer signing the plans shall be responsible for determining an acceptable solution and revising the plans for approval by the city.
- Notice to Contractor: The existence and location of any underground utility pipes or structures shown on these plans were obtained by a search of the available records. To the best of our knowledge there are no existing utilities except as shown on these plans. The contractor is required to take due precautionary measures to protect the utility lines shown and any other lines not of record or not shown on these plans.
