

**GENERAL NOTES**

1. The private engineer signing this plan is responsible for the accuracy and acceptability of the work hereon. In the event of discrepancies arising during construction, the private engineer shall be responsible for determining an acceptable solution and revising the plans for approval by the City.
2. Construction shall be in accordance with standard specifications for Public Works construction, 1979 edition and City of Riverside standard drawings.
3. It shall be the responsibility of the contractor to clear the right-of-way in accordance with the provisions of law as it affects each utility including irrigation lines and appurtenances and at not cost to the City.
4. Pipe shall be bedded per Case 1, Standard Drawing No. 452, unless otherwise specified on plans.
5. All laterals to be constructed in accordance with Standard Drawing No. 562. Stubs shall be plugged and capped.
6. Manhole frames and covers to be adjusted to grade by sewer contractor.
7. Plugs shall be installed and will remain in place where new sewer connects with the existing sewer until such time as the new sewer is accepted by the City.
8. Contractor is to verify existing sewer elevation prior to construction.
9. Location of laterals to be determined in the field at the direction of the owner. Avoid conflict with proposed and/or existing facilities.
10. Water main may require vertical relocation at developer's expense to maintain 1' verticle separation. Before final backfill contact Sam Johnson of City of Riverside Water Department (787-7420) for inspection of separation.

**BENCH MARK (G3-F)**  
 Brass Disc in Well at intersection of E's Arlington Avenue & Van Buren Blvd. 442.19' West of Westerly Property Line  
 Elev. 736.332

**NOTICE TO CONTRACTORS**  
 The existence and location of underground utility pipes or structures shown on this plan are obtained by a search of the available records. To the best of our knowledge there are no existing utilities except as shown on this plan. The contractor is required to take precautionary measures to protect the utility lines not of record or not shown on this plan.
