Street name signs to be furnished and installed by the Subdivider as per City specifications and Std. Dwg. No. 682

NOTE:
If Subdivider desires to reduce requirements on import base material, additional soil tests may be taken at Subdivider expense after streets are prepared to rough grade. Subdivider will conduct inspection with City of Riverside before taking test. The City of Riverside will make a test of base material in place. Before paving can be installed, results of this test must indicate that the base material is satisfactory to the inspection division.
