

SCALE 1" = 20'

- CONSTRUCTION NOTES:**
- 1. Construction shall conform to all city and state specifications and standards.
 - 2. Existing signs on railroad right-of-way shall be removed and replaced with high clearance signs in new location.
 - 3. Elementary school children walk along Streeter Ave. to school. Construction shall provide special traffic and grade necessary safety measures to protect these children.
 - 4. Sidewalks shall have a cross slope of 2% to 4% on all curb or edge of curb.
