GENERAL NOTES

- It shall be the responsibility of the contractor to clear the right of way in accordance with the provisions of law as it affects each utility including irrigation lines and appurtenances and at no additional cost to the City.
- Construction shall be in accordance with the City of Riverside, Department of Public Works Specifications No. 601 and Standard Drawings.
- Trim edge of existing paving where new paving joins existing pavement to clean straight line. Construct make-up paving as shown, and overlay existing paving as directed in the field to produce smooth crown sections.
- Relocate signs and mailboxes as directed in the field.
- Any existing structure interfering with construction or grading shall be (1) relocated at property owner's expense or (2) removed and left for property owner at his request (3) removed and disposed of by the contractor.
- Trees to be removed or relocated as noted.
- Contractor shall contact property owners regarding removal and reconstruction of existing driveways which may be necessary to assure smooth driveway entrances.
