

GENERAL NOTES

- All construction shall be in accordance with Standards and Specifications No. 461 of the City of Riverside Department of Public Works.
- It shall be the responsibility of the Contractor to clear the Right of Way in accordance with the provisions of Law and Ordinance regarding utility including irrigation lines and easements, and at no extra cost to the City of Riverside.
- If the Subdivider desires to reduce requirement on import base material additional soil tests may be taken at the Subdivider's expense after a permit has been obtained to rough grade. Such tests will be taken at the inspection division, City of Riverside before making tests. The City of Riverside will make test of base material in place before paving can be installed. Results of this test must indicate that the base material is satisfactory to the inspection division.
