

HAJEG NO. 1  
26 27  
SUBDIVISION  
M.B. 39/20

- GENERAL NOTES**
1. It shall be the responsibility of the Contractor to clear the right of way in accordance with the provisions of law as it pertains to each utility, including irrigation lines and appurtenances and at no cost to the City.
  2. Construction shall be in accordance with the City of Riverside Department of Public Works Specifications No. 451 and Standard Draw No. 1.
  3. Trim Edge of existing paving where new paving joins existing pavement to a true straight line. Contractor match-up paving as shown and overlay paving as directed in field to produce smooth crown section.
  4. Prime coat and paint binder are required.
  5. The City of Riverside will make a soil test to determine the requirement on imported base material after the Streets have been prepared to rough grade.
  6. Existing Street name & stop signs to be relocated. Street name sign to be installed per STD. 602.
  7. Before starting construction, the Contractor shall expose the existing Storm Drain on Monroe Street at its junction with the proposed 36" R.C.P. storm drain so the Engineer can verify the existing Flow Line elevation as shown on this plan.

**QUANTITY ESTIMATE**

Std. 200 curb & gutter (C.C.F.)	123 lin. ft.
Std. 200 curb & gutter (C.C.F.)	799 lin. ft.
