

Note: If Subdivider desires to reduce requirements on Import Base Material additional soil tests may be taken at Subdivider expense after alternate site proposed for rough grade. Subdivider will contract inspection Division City of Riverside, before taking them. The City of Riverside will make a test of Base Material in place before paving can be installed. Results of this test must indicate that the Base Material is satisfactory to the inspection Division. Any relocation of existing utilities to clear the proposed work shall be the responsibility of the subdivider. Subdivider will install street name signs conforming to County Standard No. 28 as directed. All work shall conform to the requirements of the Riverside County Road Department Specifications for the improvement of subdivision streets Dated 1929, Co. Ord. 461.

Bench Mark per Co. F.B. 700/44 is checked X on 4 in pipe attached to vitrified silt pipe 35' N. 36' 25130 TYLER AVE. Elevation 74.25
