GENERAL NOTES

1. It shall be the responsibility of the Contractor to clear the right of way in accordance with the provisions of law as it affects each utility including irrigation lines and appurtenances and at no cost to the City.
2. Construction shall be in accordance with the City of Riverside, Department of Public Works, Specification No. 461 and Standard Drawings.
3. The City of Riverside will take a soil test to determine the requirements on ~~impact base material~~ after the streets have been prepared to rough grade.
4. Trim edge of existing pavement, where new pavement meets existing pavement, to a clean straight line. Construct new pavement to match existing pavement or overlay paving as directed in the field to produce a smooth crown section and profile section.
5. Prime coat, seal coat and joint binder are required.
6. Grading will require permit under Ordinance 3093 for a cut or fill over 100 cu. yds., or a fill over 1' in depth.
