Suspicious Device

Riverside, CA – On Tuesday, July 20, 2010, at about 12:50 p.m. officers from the Riverside Police Department responded to the 2800 block of Arroyo to investigate reports of a suspicious device. The first arriving officers located the device, which was in a ravine at the base of a tree.

As a precautionary measure, officers blocked off the immediate area to pedestrian traffic and requested the assistance of the Riverside Fire Department.

Based on the circumstances, the Riverside Police Department's Technical Services Unit also responded and examined the device. The device was subsequently rendered safe and determined to be non-explosive.

There were no independent witnesses available for contact other than the initial reporting citizen and the investigation remains open.

Anyone with information related to this investigation is urged to contact Sergeant Bill McCoy at 951-320-8078.
