POLICE BULLETIN

Riverside Police Department • Investigations Bureau
10540 Magnolia Ave Ste B • Riverside, CA 92505 • (951) 353-7100

INFO On 10-1-09 the above suspect passed a note to the pharmacist at the Walgreens located at 6600 Magnolia Ave. demanding "Oxycottin 80mg and 60mg Put it in a bag". The pharmacist went into a back room and did not return. The suspect left the location without obtaining the pills. The pharmacist said the suspect kept one hand in his shirt and thought the suspect may have had a weapon (P09148593).

The suspect had attempted a similar robbery at the CVS Pharmacy at 6215 Riverside Ave about 30 minutes before the above incident. During that incident the suspect told the pharmacist he wanted the Oxycottin, but they also would not give it to him and he left. No report was taken, because the pharmacist had left (Supp. To the above incident).

On 10-2-09 the same suspect passed a note at the Walgreens at 11110 Magnolia Ave. During this incident the above suspect obtained two bottles of Oxycottin as the clerk was afraid the suspect had a weapon under his shirt and gave him the pills (P09149089).

The same suspect also attempted to rob the Rite-Aid and Walgreens on Limonite in the Indian Hills area of Jurupa over the weekend. During those robberies the suspect also demanded Oxycottin but was unsuccessful. (RISO Case #s E092740213 and E092750127)

AUTHORITY If you have any information regarding the suspect or vehicle please contact Detective Greg Rowe at (951) 353-7136. Thank you.
