On Wednesday, June 20, 2018, at approximate 3:40 a.m., Riverside Police Officers responded to the 5800 block of Fair Isle Drive, in the Sycamore Canyon neighborhood of Riverside, for a report of a missing person. The reporting party stated he last saw his common-law wife the prior evening. When he returned home from work early Wednesday morning, his wife was not home. He became more concerned when she was not answering or returning phone calls, and then did not show up to work later that morning.

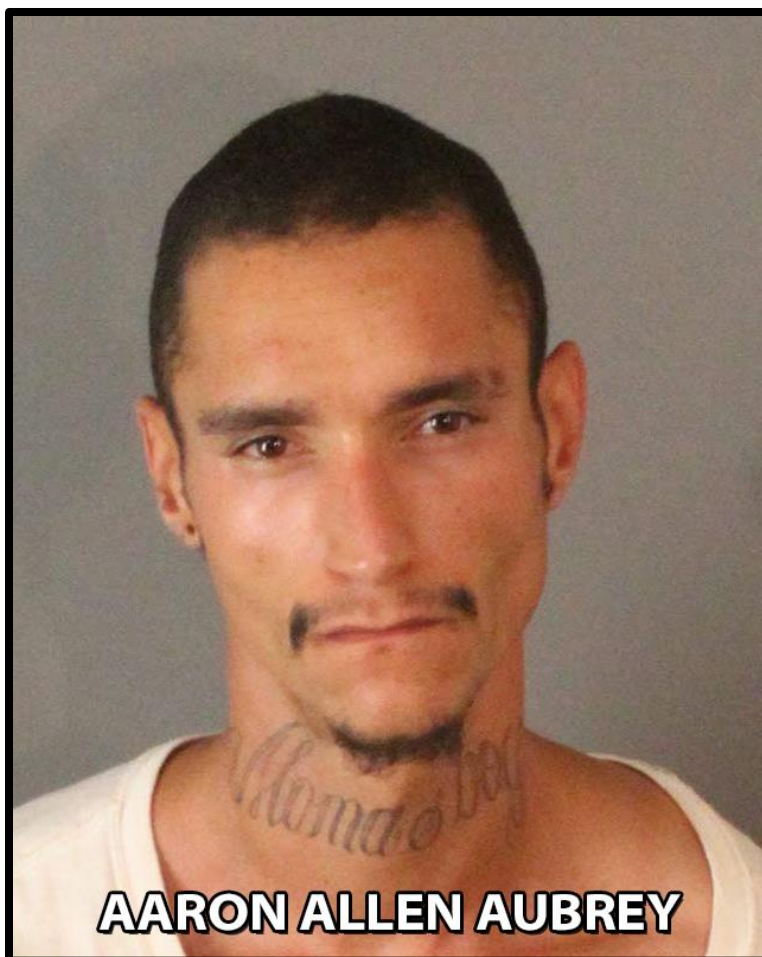

Detectives with the Robbery – Homicide Unit assumed the investigation and began immediately following up on leads. Around 4:30 p.m. yesterday, the victim's car was located in the city of Corona occupied, but she was not inside. Aaron Allen Aubrey, a 24-year-old transient of Riverside, was found driving the victim's car and subsequently detained as a person of interest in the victim's disappearance. He was later booked into the Robert Presley Detention Center last night for auto theft, identity theft, and violation of parole. He is currently being held without bail.

This morning while continuing the investigation, detectives using bloodhounds from the Riverside County Sheriff's Department began searching near the base of Box Springs mountain, in the area of Gernert Road and Pettegrew Road just outside the city limits. Around 11:00 a.m. they located the deceased body of an adult woman. The Riverside County Sheriff – Coroner's office responded to assist detectives. The identity of the deceased woman and official cause of death is still pending their investigation.
