How to make Butterfly Craft

Step 1: Print then cut out the butterfly wings from the template and decorate.

Step 2: Cut out 6 strips of 12- inch crepe or tissue paper in the color of your choice. Glue them along the bottom of a piece of cardstock or construction paper.

Step 3: Wrap Two Pipe cleaners around your finger to curl the ends. Tape the antennae at the top of the butterfly

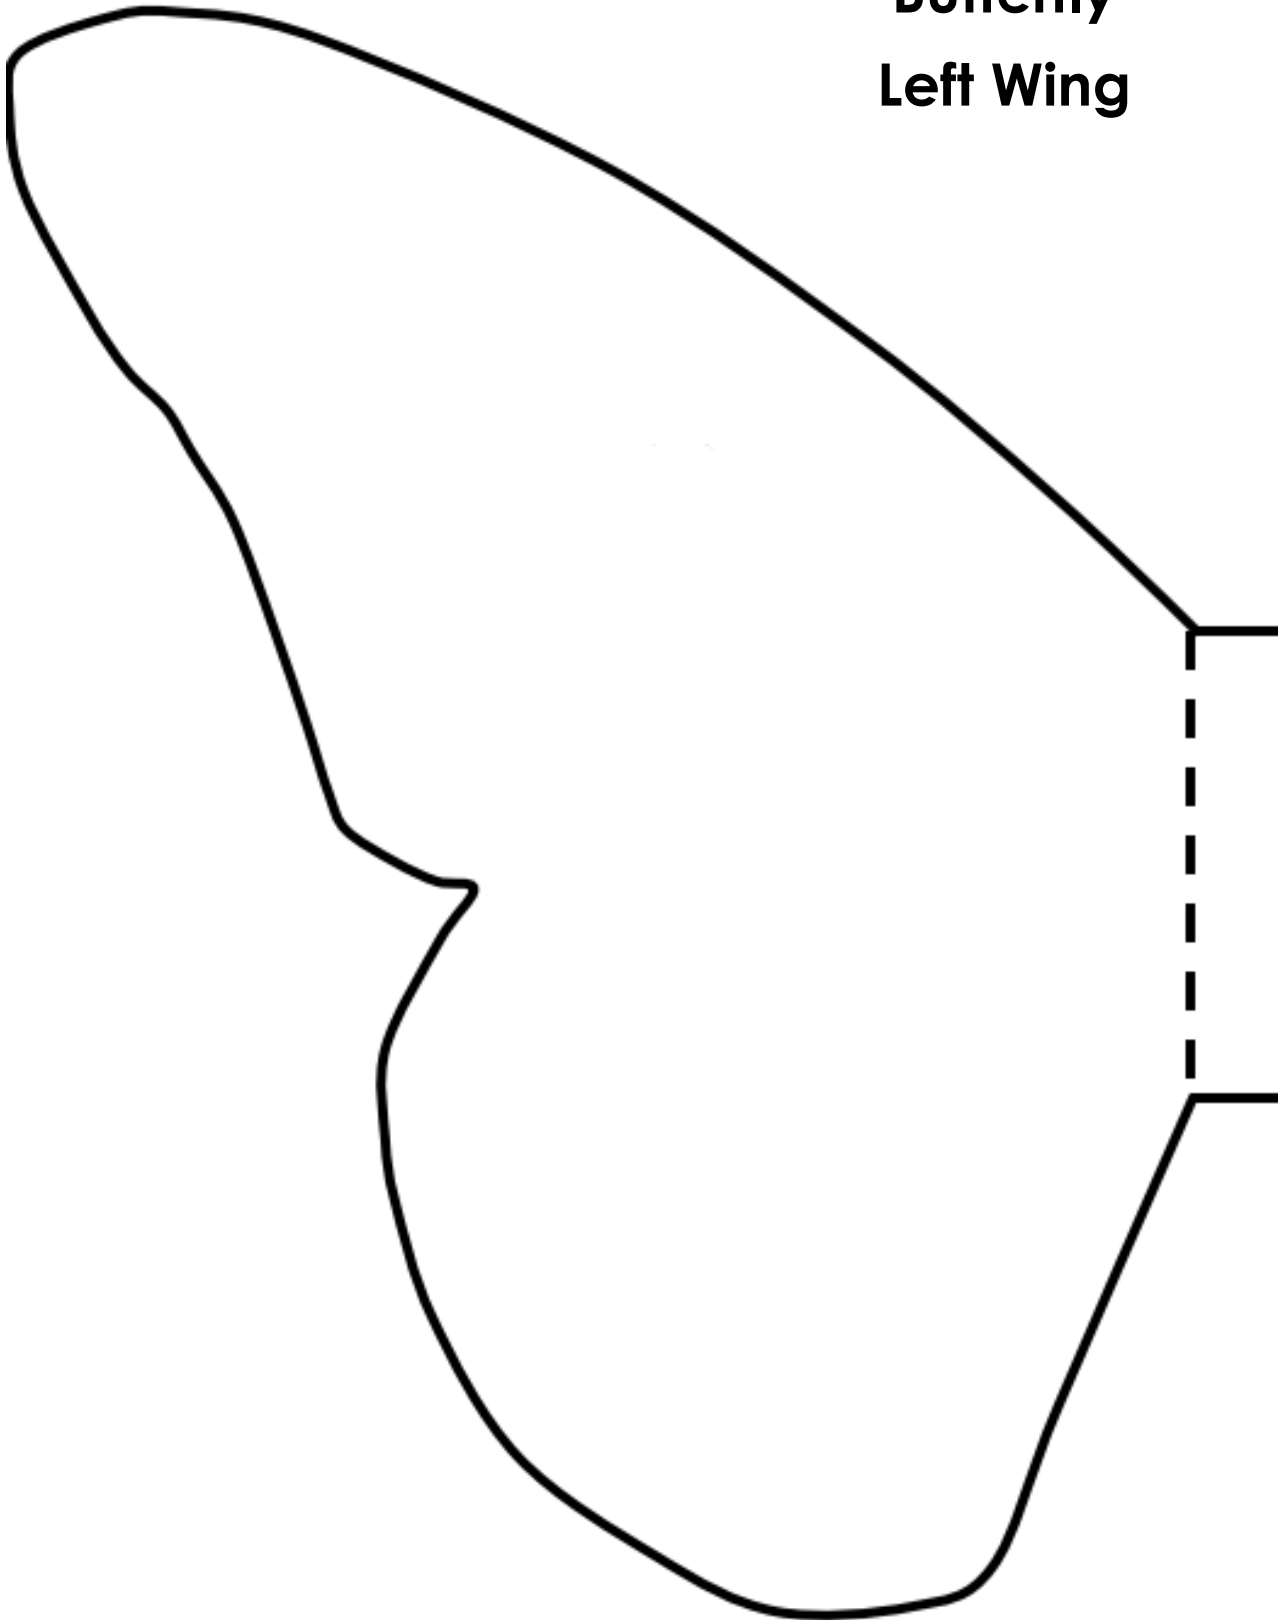

Step 4: Glue googly eyes or draw eyes on your butterfly. Then Draw a smile.

Step 5: Bend your butterfly into a circle, connect the ends together with glue, tape or staples.

Step 6: Place the two butterfly wings together. Add a generous amount of glue on the ends of each wing. Place your butterfly in the center of the wings to glue the wings down.

Step 7: Cut a strip of construction paper for the handle. Glue paper strip and attach it inside of the top of the butterfly for a handle.
